ENHANCE ILC Catalogue

Update 1.6.2026

Robert Szmurło
Warsaw University of Technology

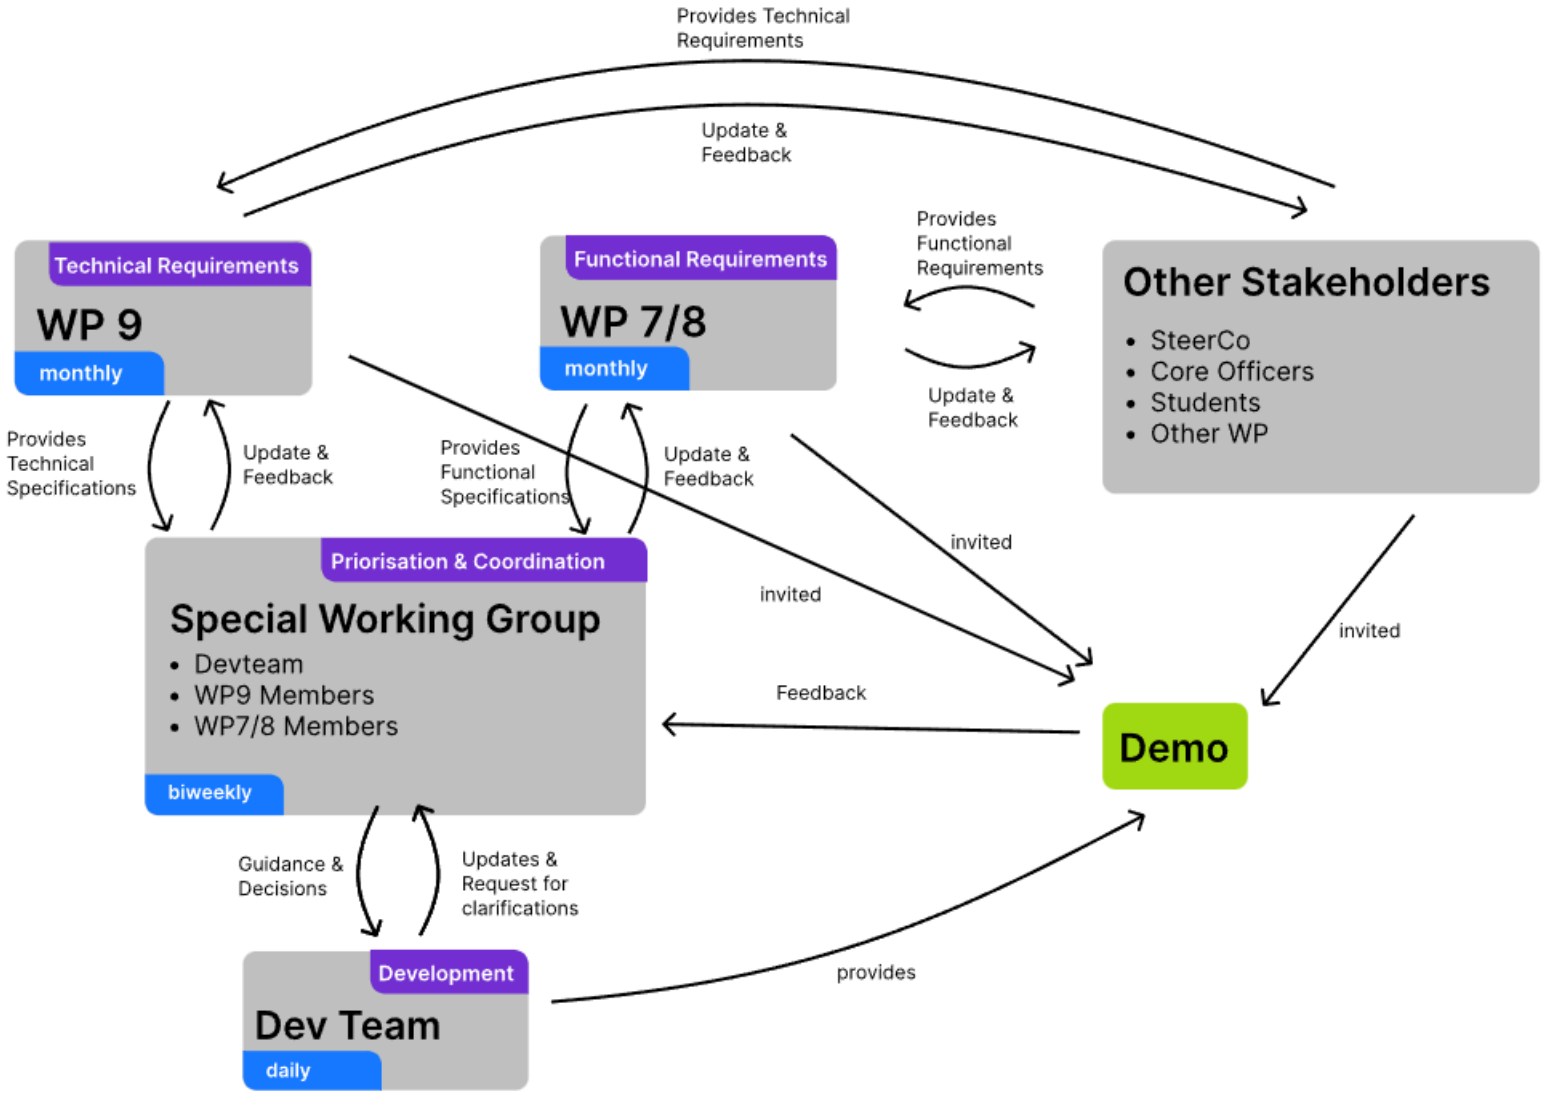

Agenda

Purpose:

- Review **communication** structure model
- Brief summary of **developers effort** over last half year
- **Current** development effort
- **Plans** for development

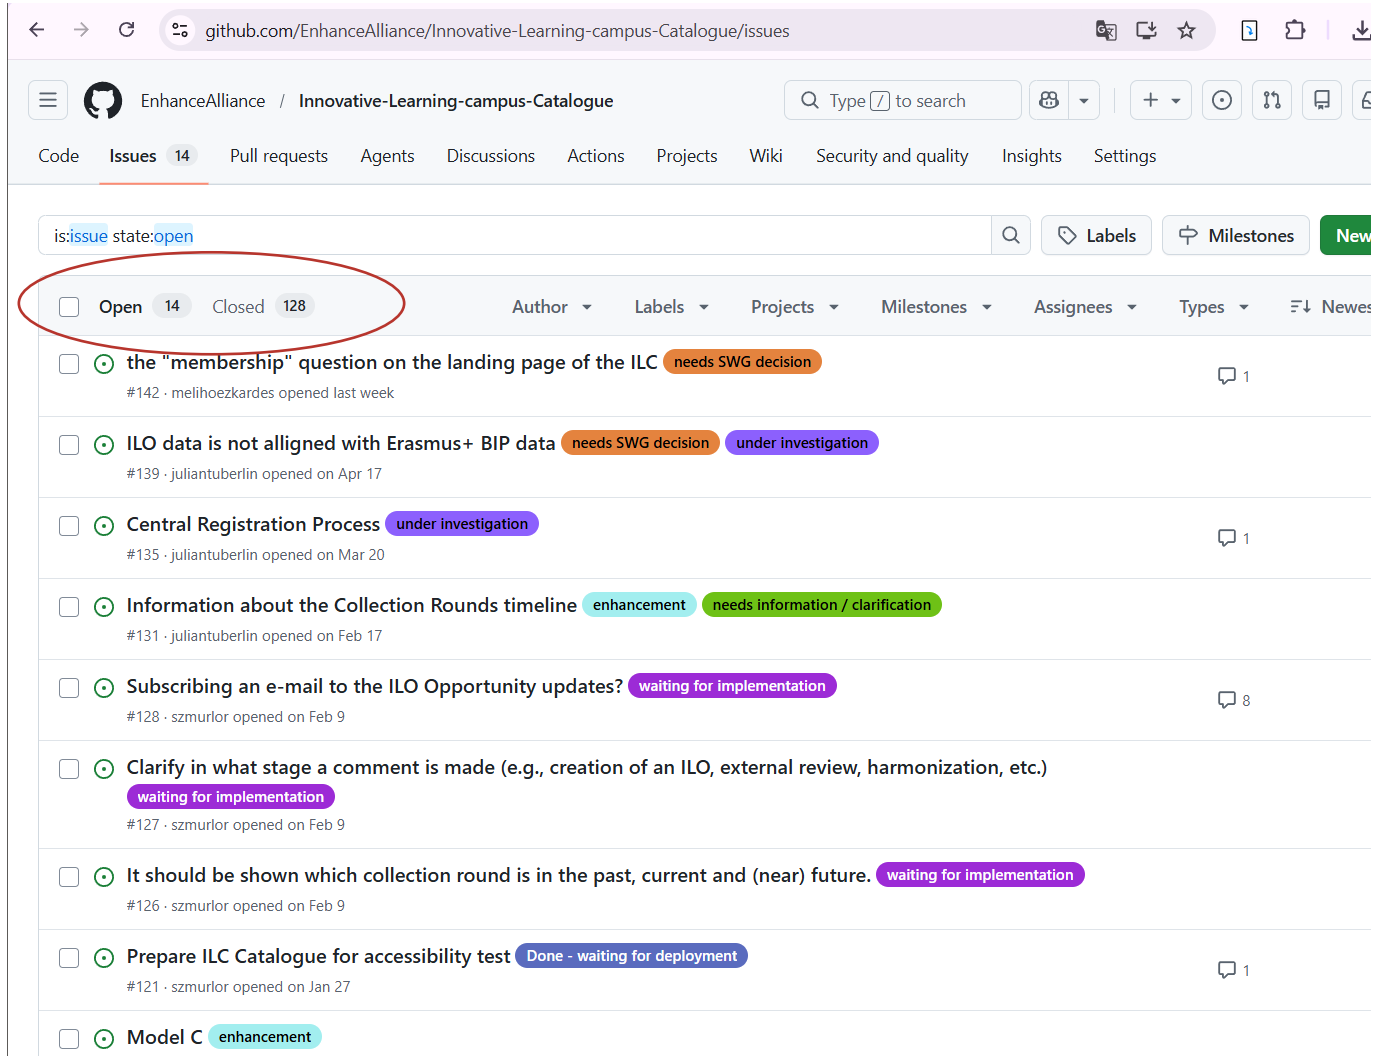

Commucation model reminder

1. Communication is centered around the GitHub repository and Special Working Group meetings.
2. https://github.com/EnhanceAlliance/Innovative-Learning-campus-Catalogue

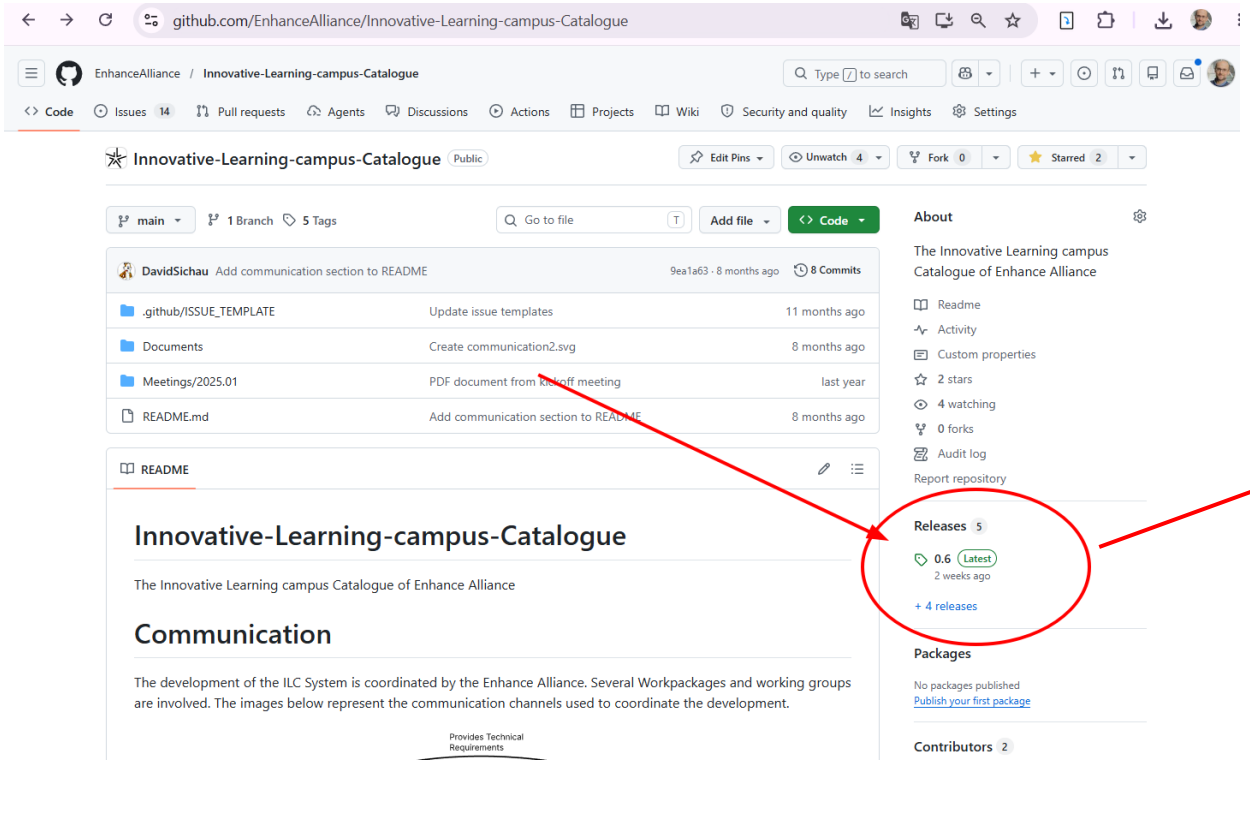

GitHub repository issues and Releases

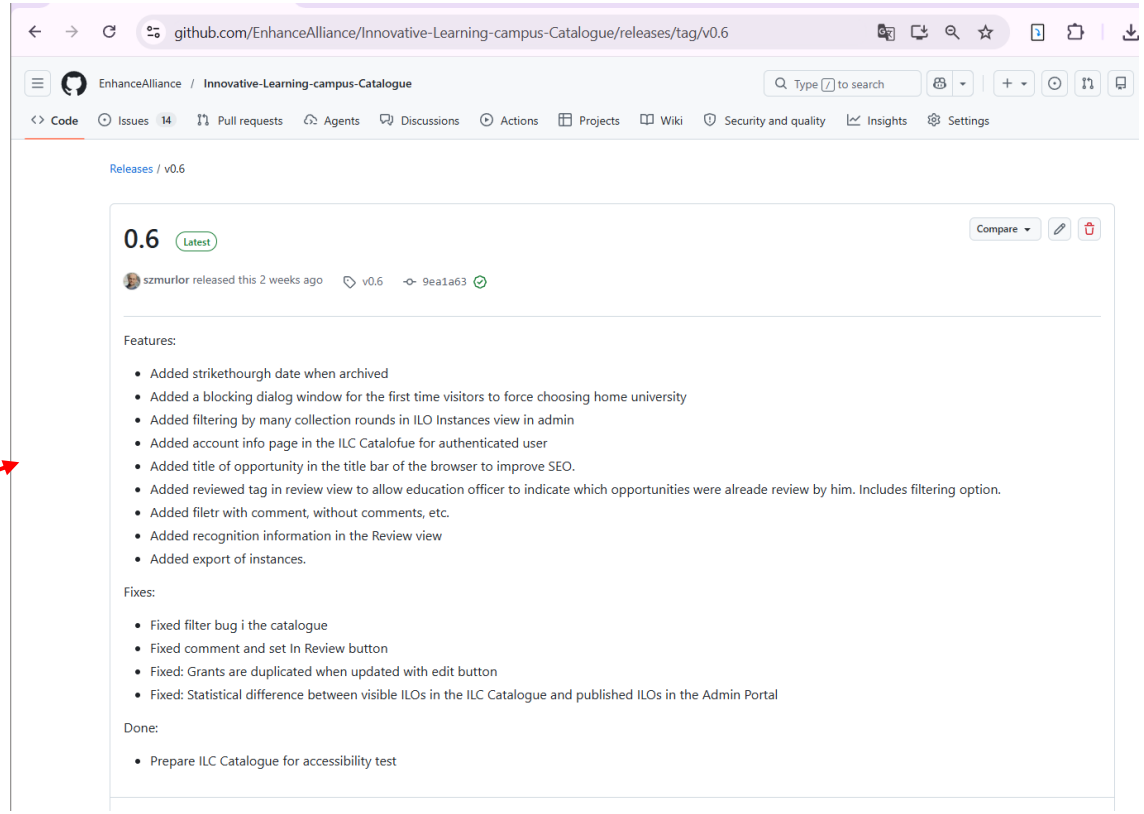

https://github.com/EnhanceAlliance/Innovative-Learning-campus-Catalogue

GitHub repository issues and Releases

Co-funded by the Erasmus+ Programme of the European Union

Developers effort is not only new Features – it is Maintenance too!

GitLab Stats Report

Projects: enhance-admin, enhance-catalogue-app, enhance-admin-app, enhance-catalogue, enhance-satosa, next-safe-route, enhance-minio
Generation Date: 2026-05-28 10:45:55

Metric / Indicator	Last 3 Months	Last 6 Months
1. Merged MRs	113	220
2. Commit count	505	1057
3. Resolved issues	93	203
↳ BUG	21	60
↳ FEATURE / CHANGE REQUEST	4	12
↳ MAINTENANCE / QUALITY (QA / UI / UX)	6	12
↳ OTHERS (without assigned tags)	62	119

ENHANCE Catalogue: Modules & Projects

Status DELIVERED ONGOING BRIEF

Delivered components and ongoing work across infrastructure, data, services, and integrations

Infrastructure & Identity

enhance-catalogue deployment — DELIVERED

Automated deployment **fully on WUT infrastructure**

Keycloak + eduGAIN integration — DELIVERED

Federated identity for cross-university access

Data & Catalogue

ENHANCE Admin + ELM model — DELIVERED

ELM-compatible data model and administrative tooling

ENHANCE Catalogue — DELIVERED

Core catalogue service for innovative opportunities

Thematic Paths — ONGOING

Ongoing work on structured pathways through learning offers

OpenEDU API integration — ONGOING

Bidirectional integration serving ILO Opportunities via OpenEDU API Quickstart and importing Course offers for Thematic Paths

Central Registration — ONGOING

Ongoing project connecting different registration workflows

ELS Integration — BRIEF

Work progressed; keep this as a high-level status update

Talk track: focus on architecture, delivered progress, and current workstreams; keep ELS intentionally brief.

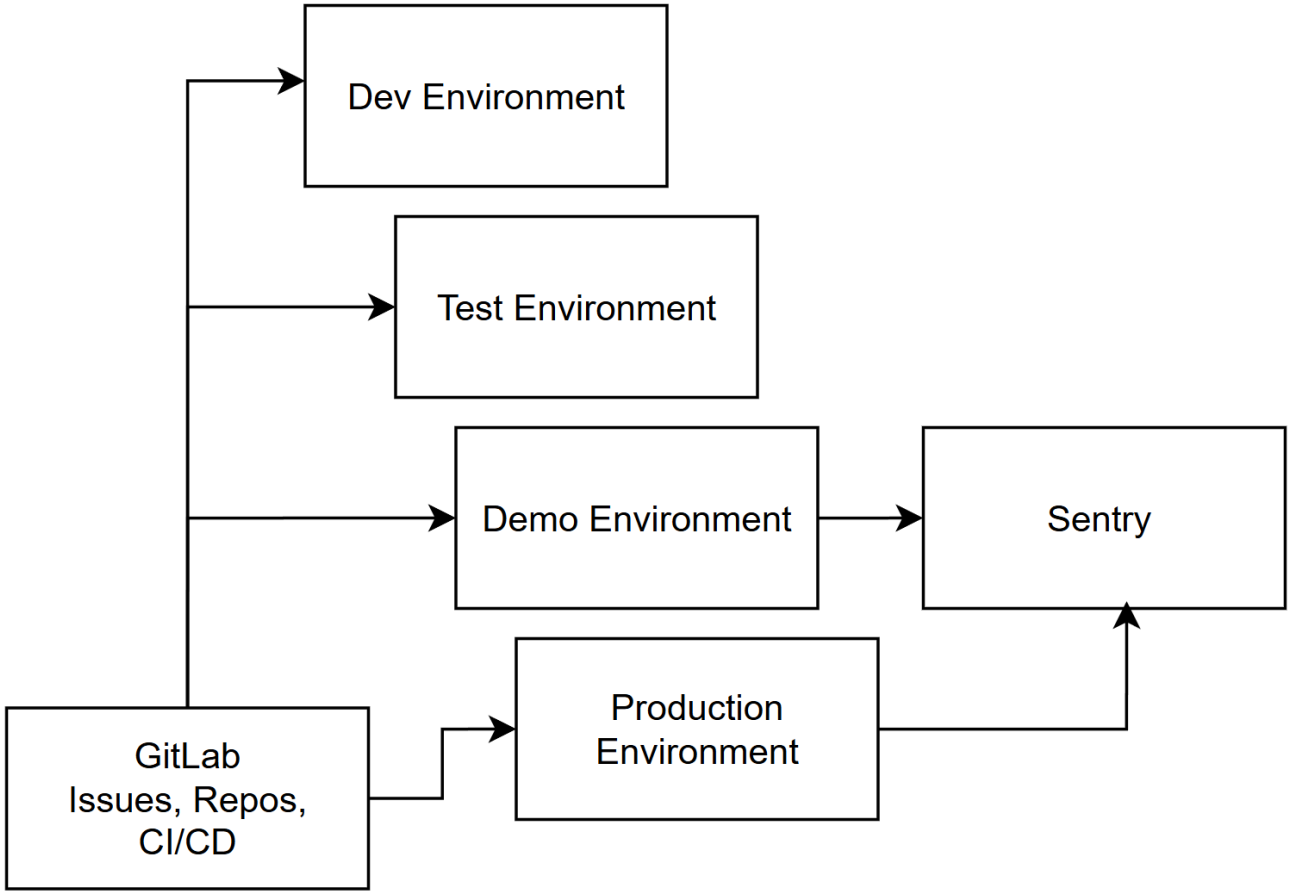

shared ENHANCE ecosystem

Infrastructure deployment

We have successfully deployed the system on a modern DevOps pipeline.

The deployment is now automated fully **within the WUT infrastructure**.

This allows for high availability, localized data control, and rapid iteration of new features with minimal manual overhead.

ENHANCE
Co-funded by the Erasmus+ Programme of the European Union

Security and Federation eduGAIN

- Complete attributes from **WUT, POLIMI, PG, Chalmers, ETH, RWTH, UPV, TUB, Delft**

- IDP requires agreement:
  NTNU (looking forward to JCA)

University	Connection & service recognized	Successful login (valid response returne	Attribute release
WUT	OK	OK	All attributes
CHALMERS	~~Error: MSIS0018: The SAML protocol message cannot be read because it contains data that is not valid, no follow-up yet. Initial message sent - we are waiting for a reply.~~ error resolved after conversation with Chalmers IT	~~Error: Failed to parse Authn response: Signature missing for response~~ error resolved after Chalmers configured response signing **Warning: may stop working in the future, to be investigated**	All atributes
ETH	OK	OK	All attributes
PG	~~Error: logowanie.pg.edu.pl unexpectedly closed the connection, error replicated by PG IT staff and they are working on solution PG IT staff asked to change authn request binding to HTTP-POST~~ error resolved	OK	All attributes
PoliMi	OK	OK	All attributes, tested by Giovanni
RWTH	OK	OK	Released: schacHomeOrganization, eduPersonScopedAffiliation, givenName, mail, sn, pairwise-id Not released: displayName (optional) **All required attributes**
TUB	OK	OK	All attributes, identifier used: pairwise-id
TU Delft	~~Error: Unknown service, needs separate contract with SURF~~ error resolved by TU Delft	~~Error: Failed to parse Authn response: Signature missing for response~~ error resolved by TU Delft, confirmed by Pelle	All attributes
UPV	~~Error: Unable to locate metadata,~~ ~~error reported by Jaime Pales Fabado from UPV.~~ error resolved after UPV contacted their eduGAIN operator	~~OK~~ ~~unhandled exception reported by Beatriz Pastor García~~ error resolved after UPV contacted their eduGAIN operator	All atributes
NTNU	Error: Unable to locate metadata, most likely NTNU must activate the service in Feide, email sent to NTNU. In progress - we are currently clarifying what needs to be done for us to be authorised in Feide. The matter appears to be primarily political.		

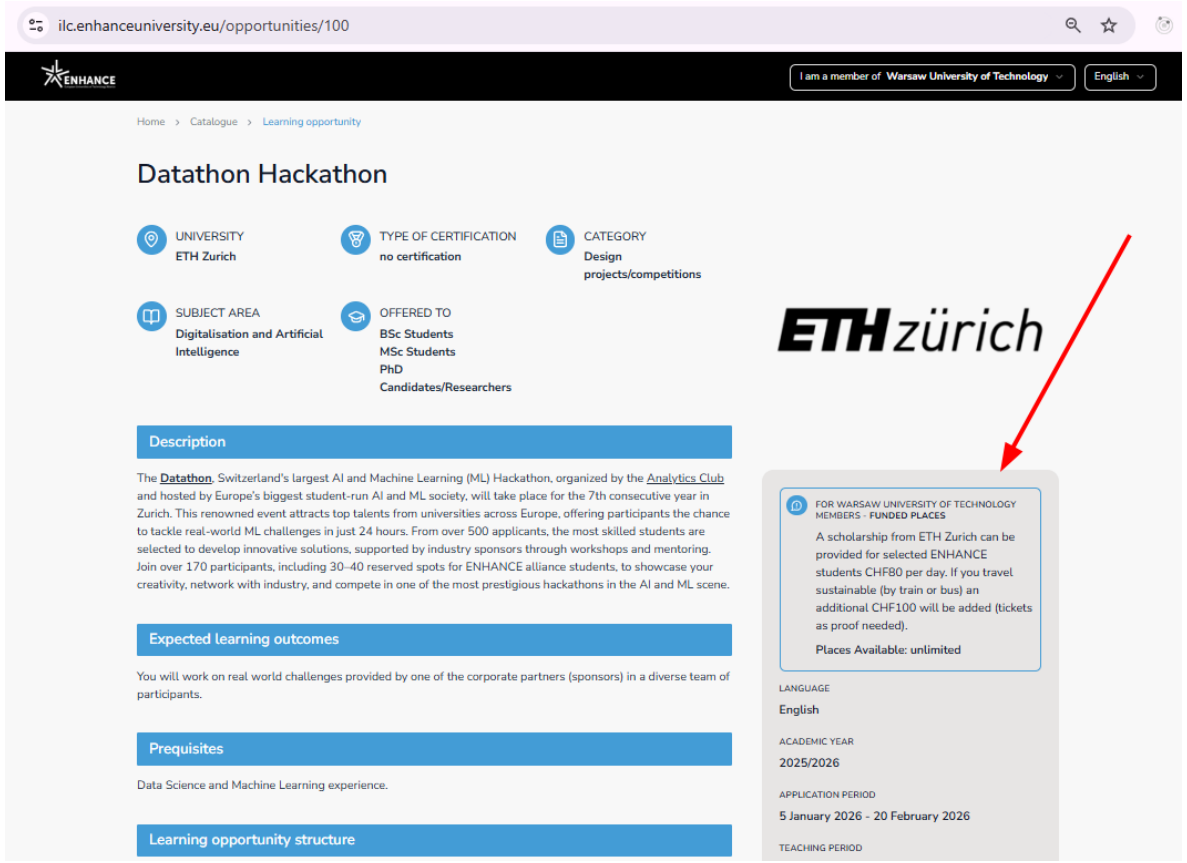

Selected development activities

1. 0.6.0 – release with new features and bug fixes
    1. Deployment done two weeks ago

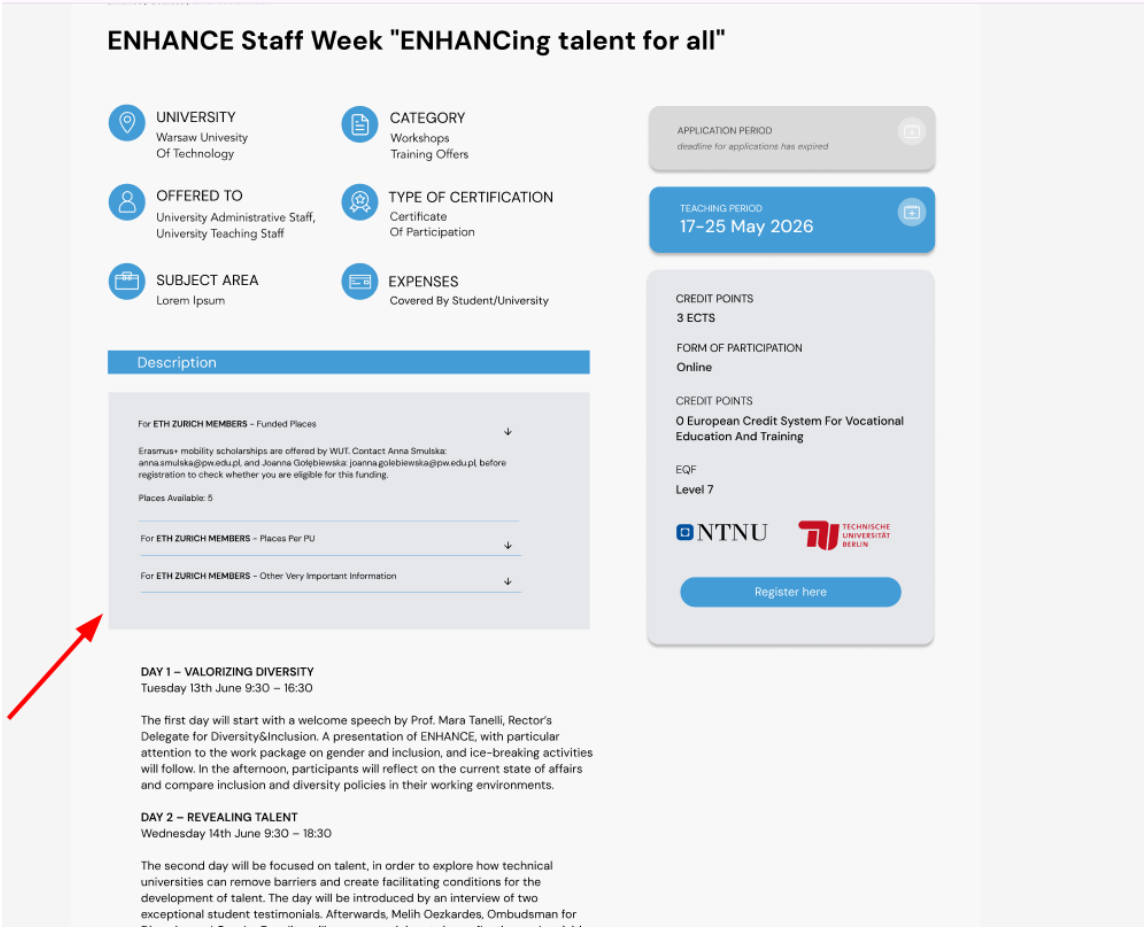

2. Bugs fixing and feature requests implementation in recent release
    1. Selection of multiple Collection Rounds in the ILC Admin Portal
    2. Force answering if visitor is a member of ENHANCE
    3. Showing archived (historical) opportunities
    4. Minor UI changes

Feature: **Home ogranization specific information**

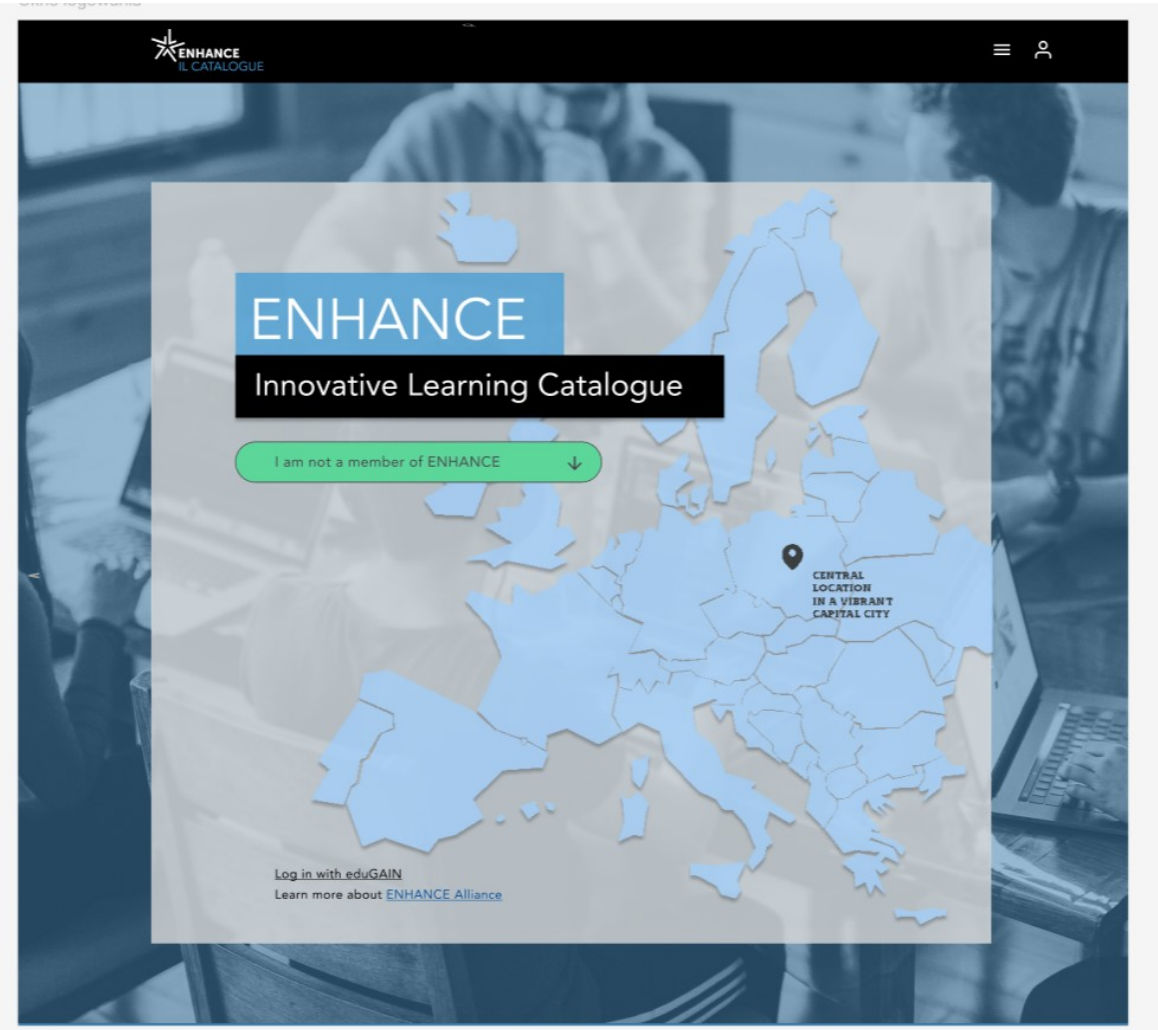

Current presentation

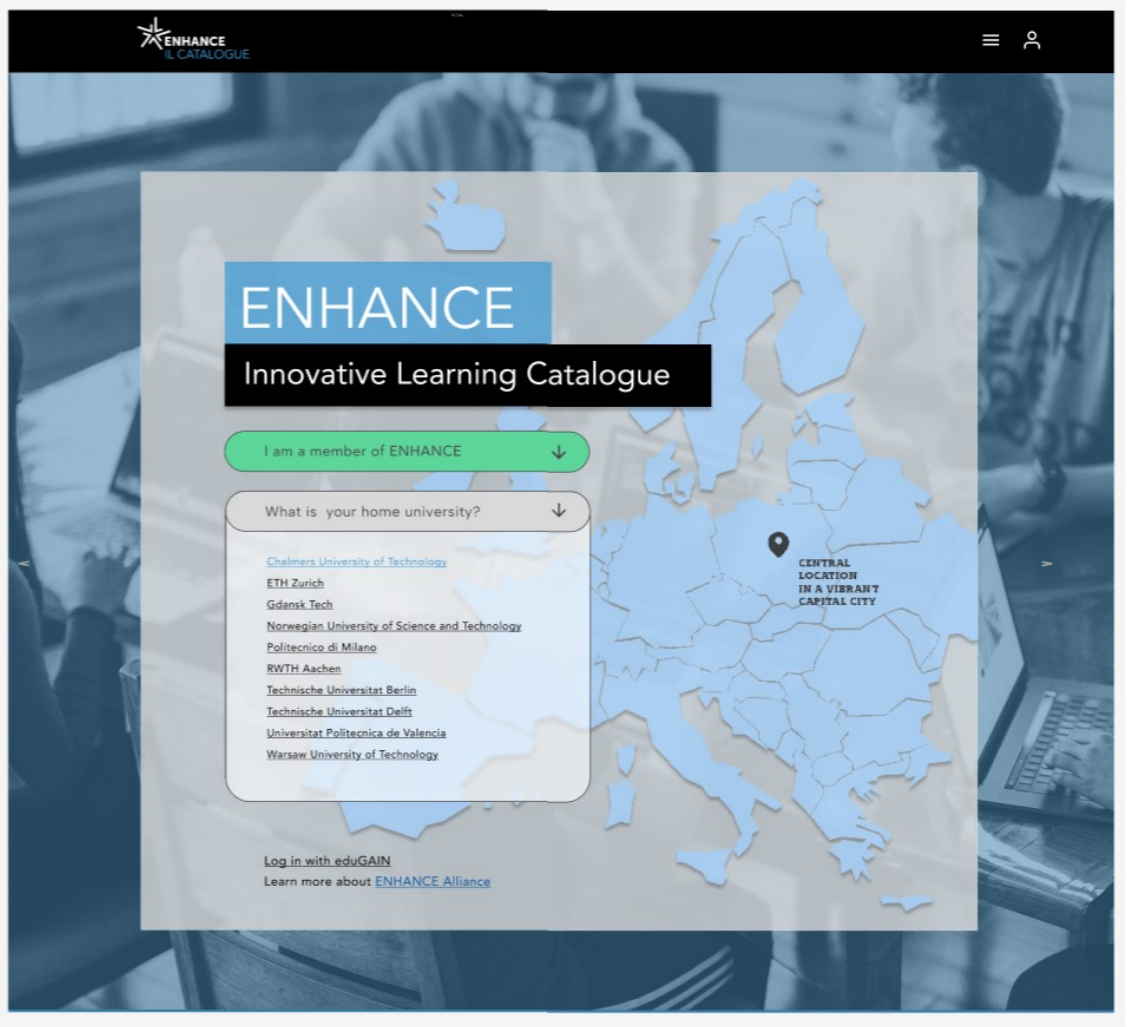

Redesigned UI/UX presentation

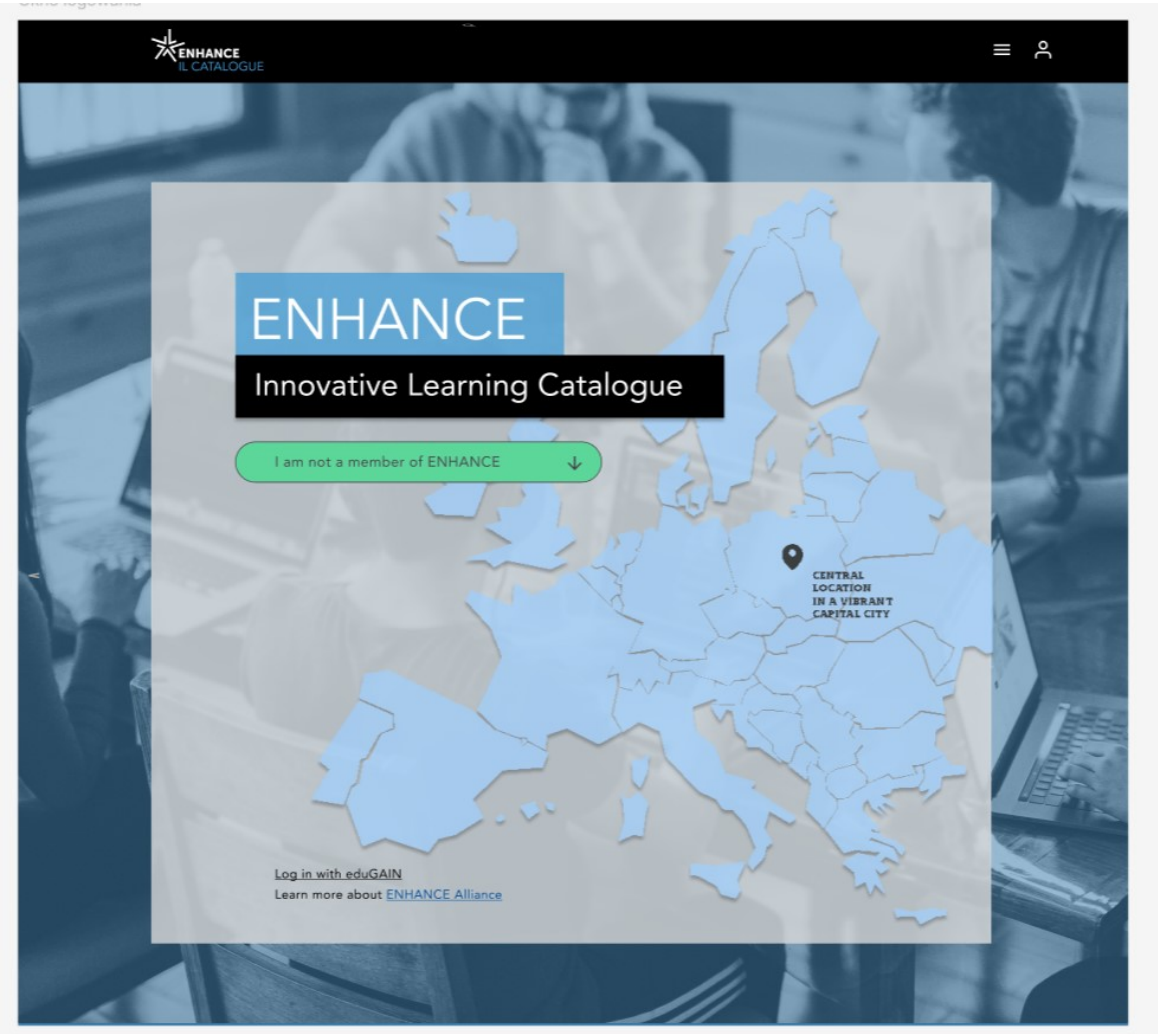

Feature: **Welcome screen with enforced Member University or Professional choice**

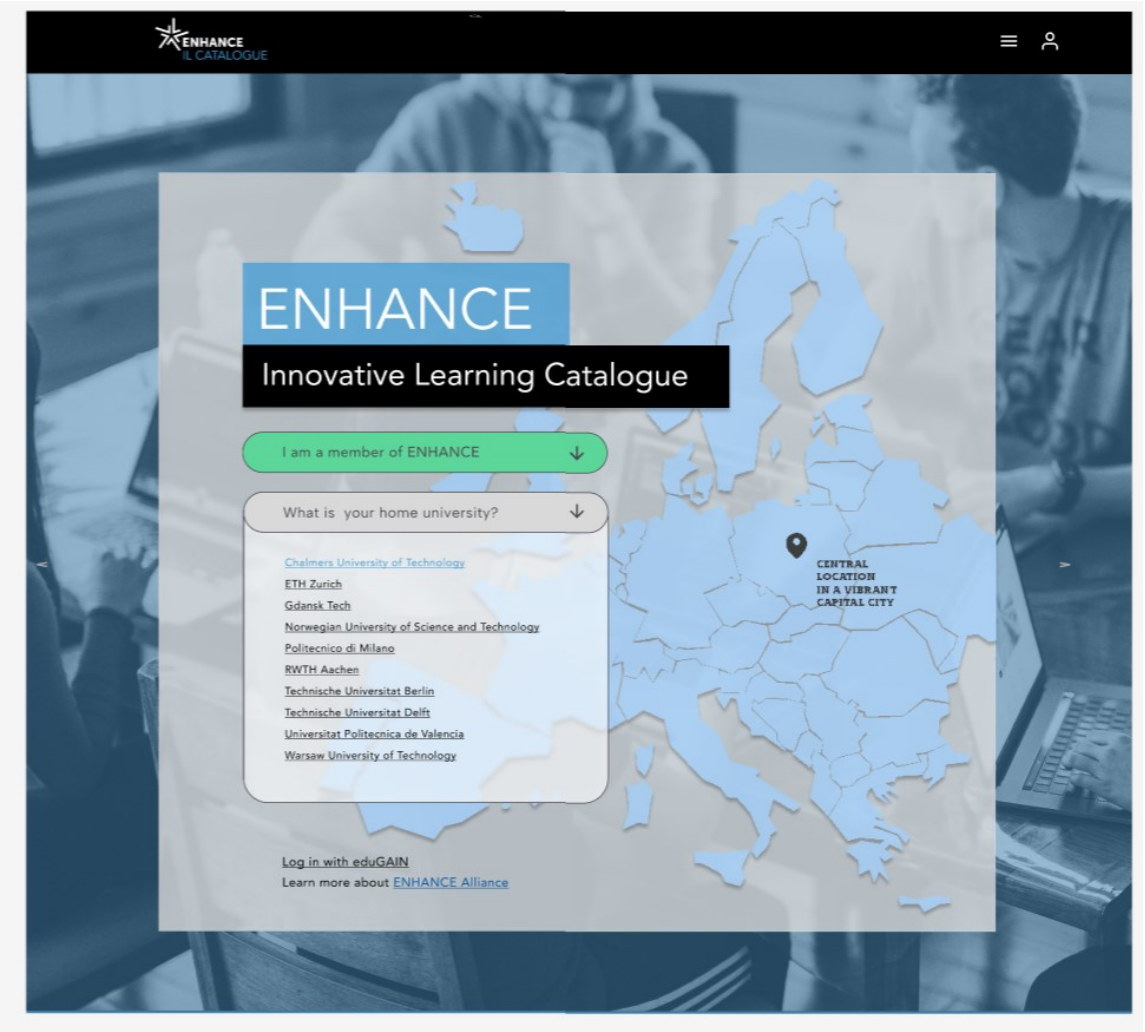

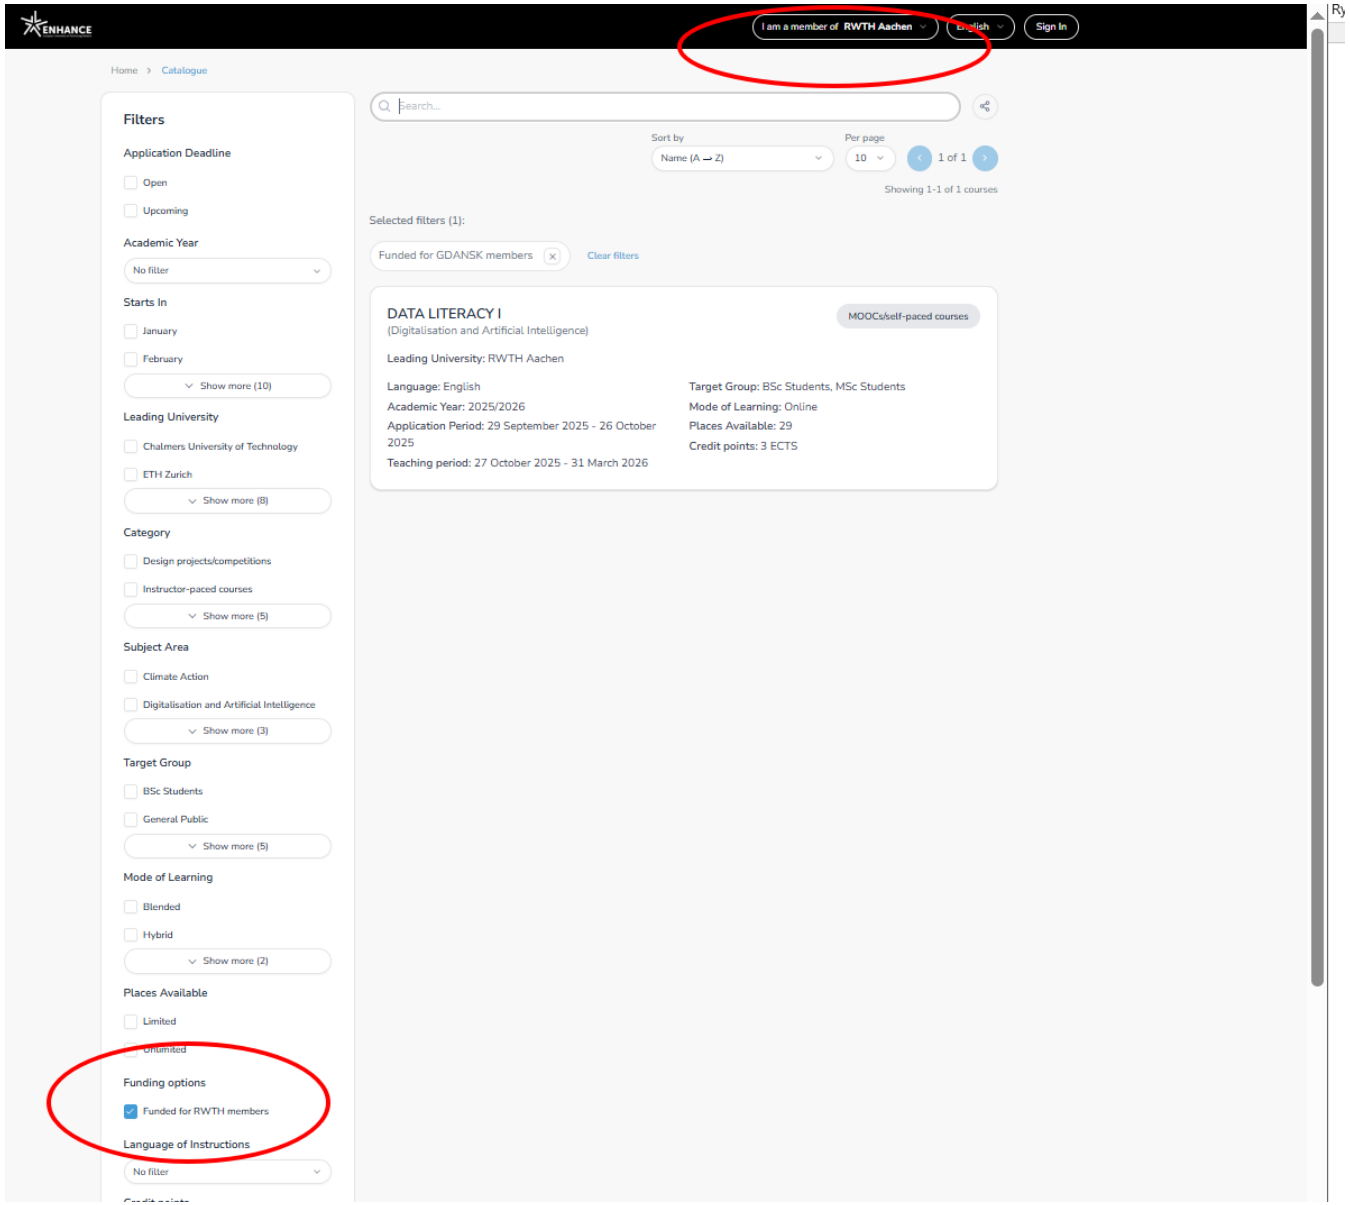

Ongoing discussion the "membership" question on the landing page of the ILC #142

https://github.com/EnhanceAlliance/Innovative-Learning-campus-Catalogue/issues/142

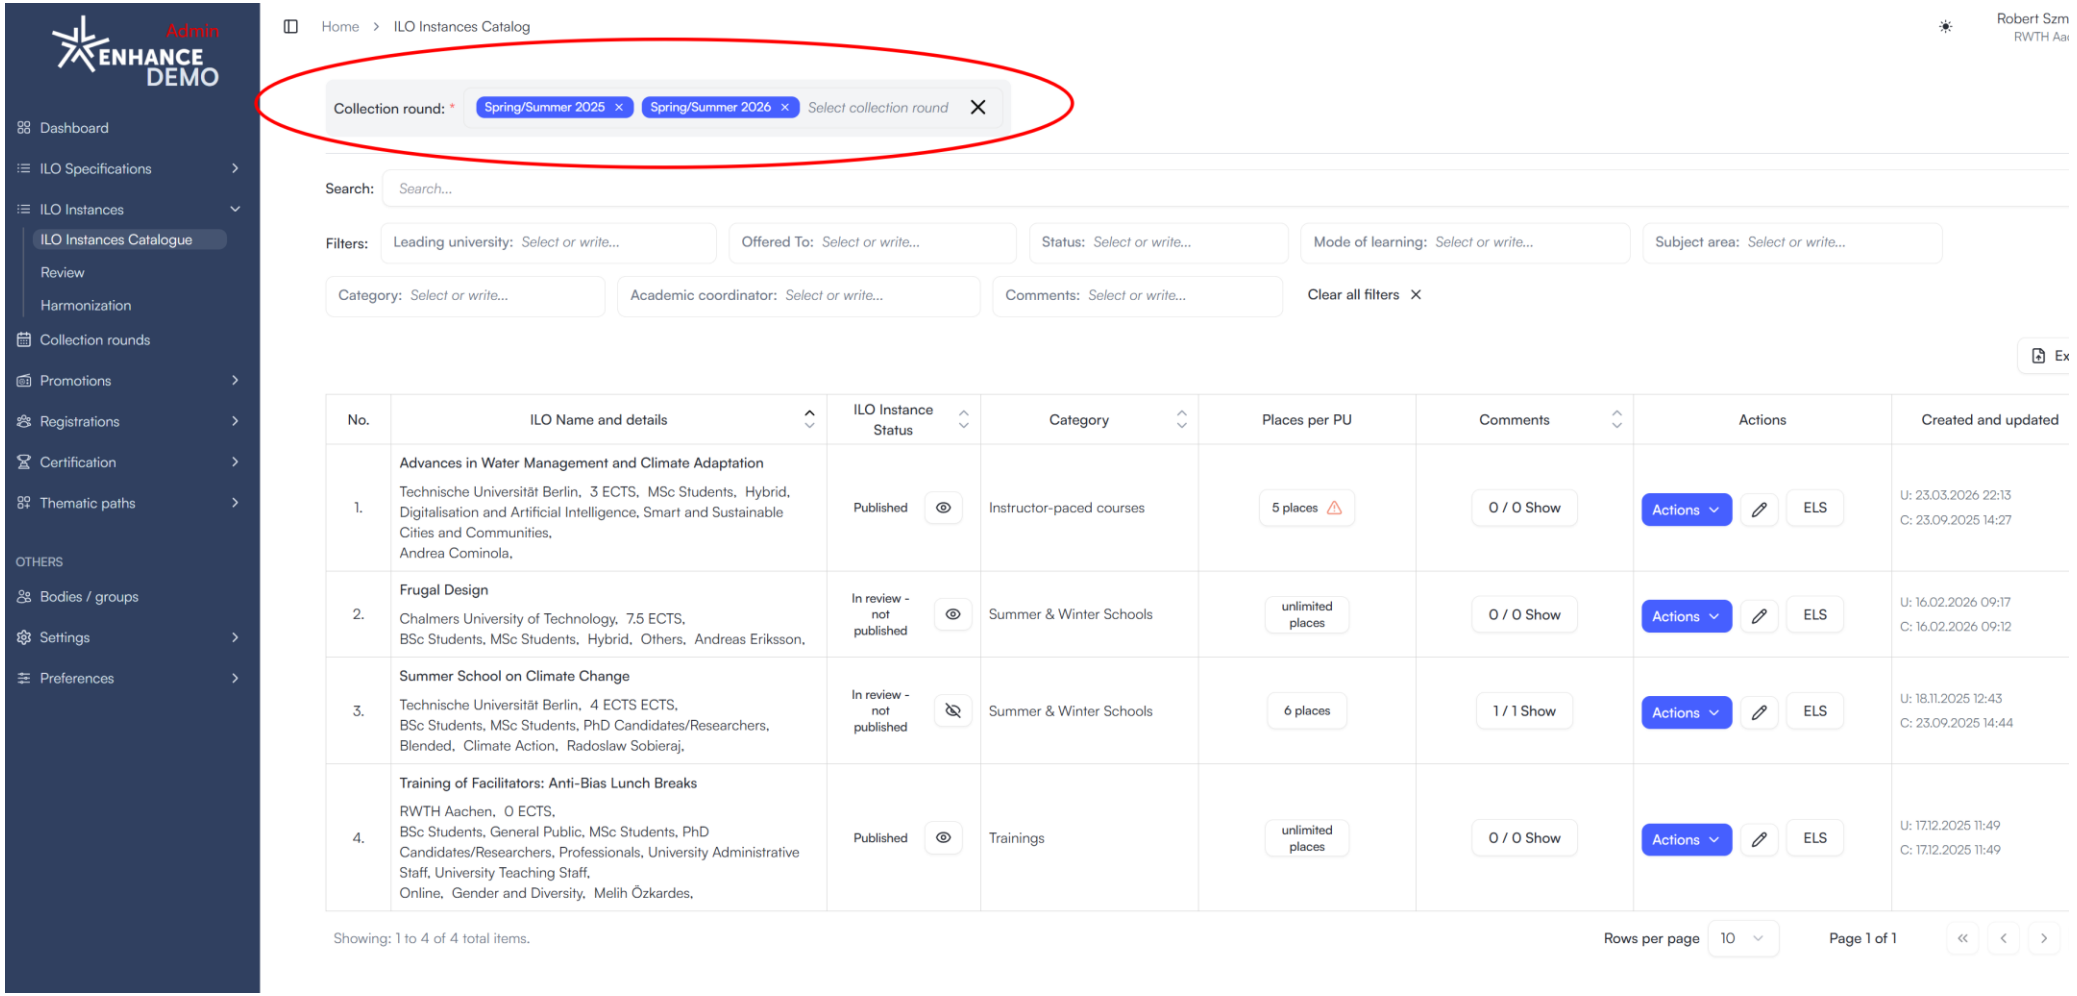

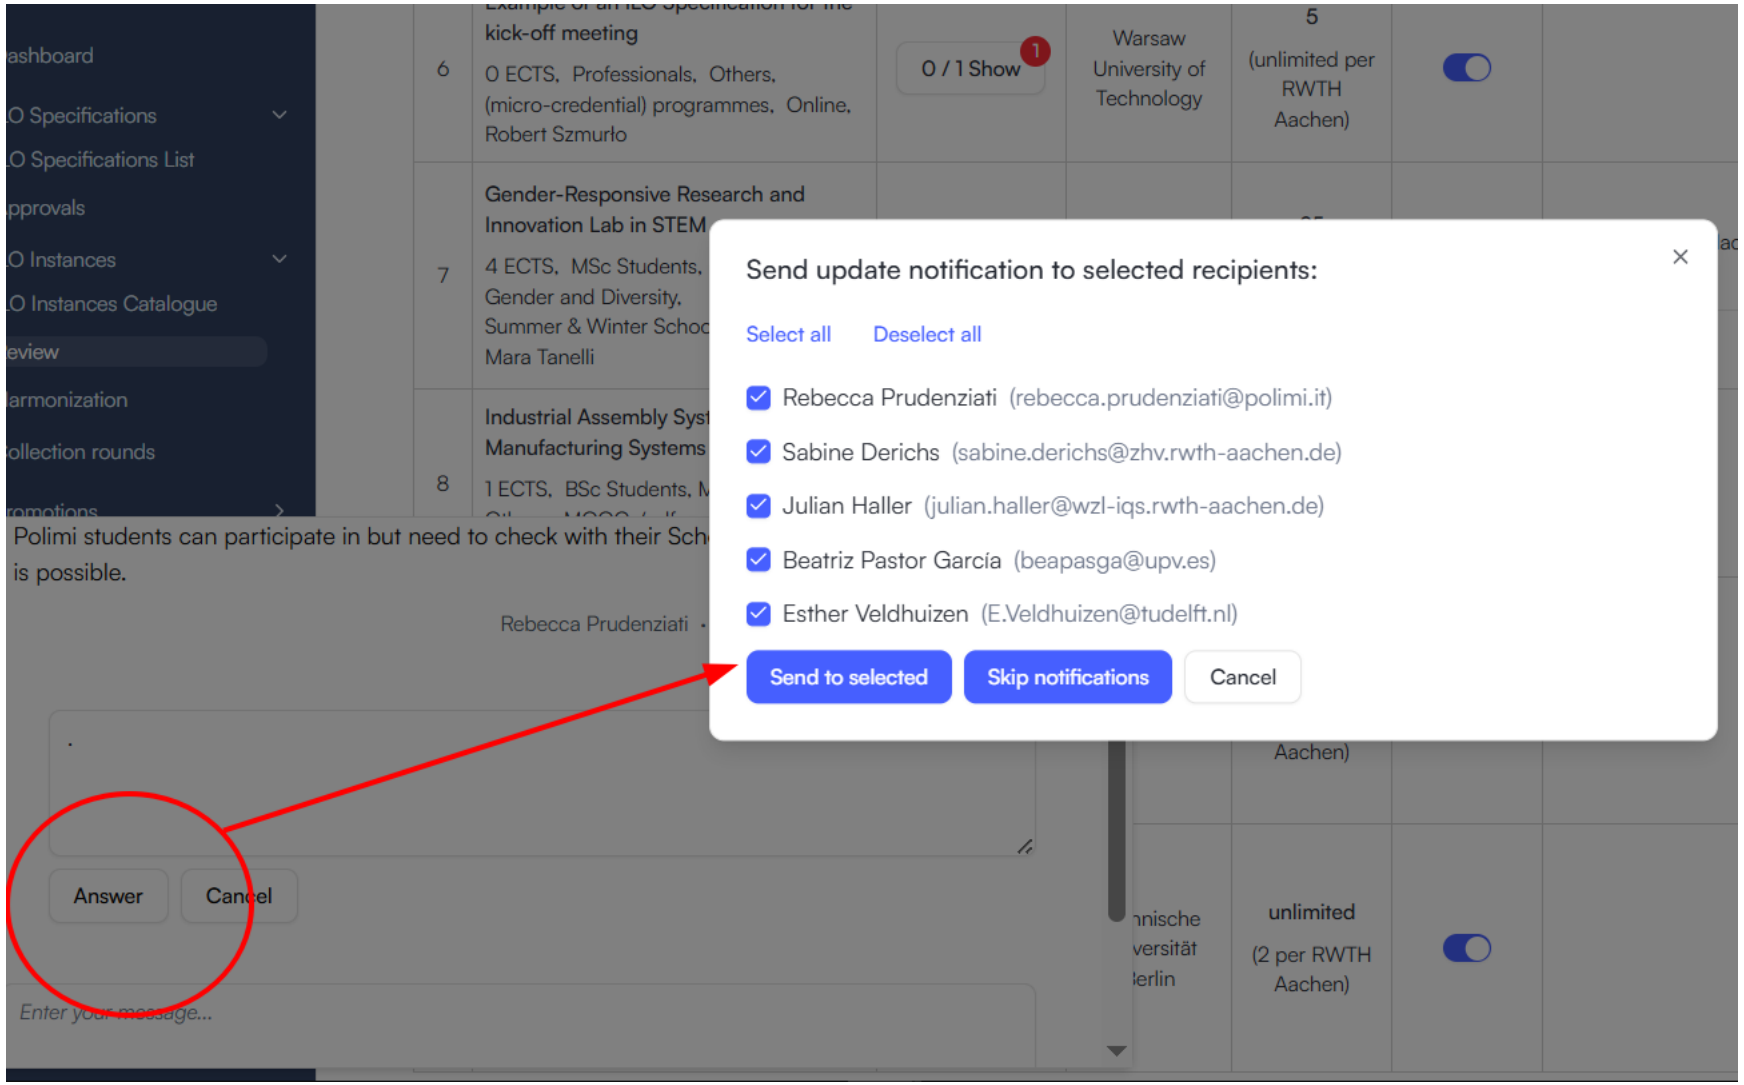

Feature: **Funding filter**

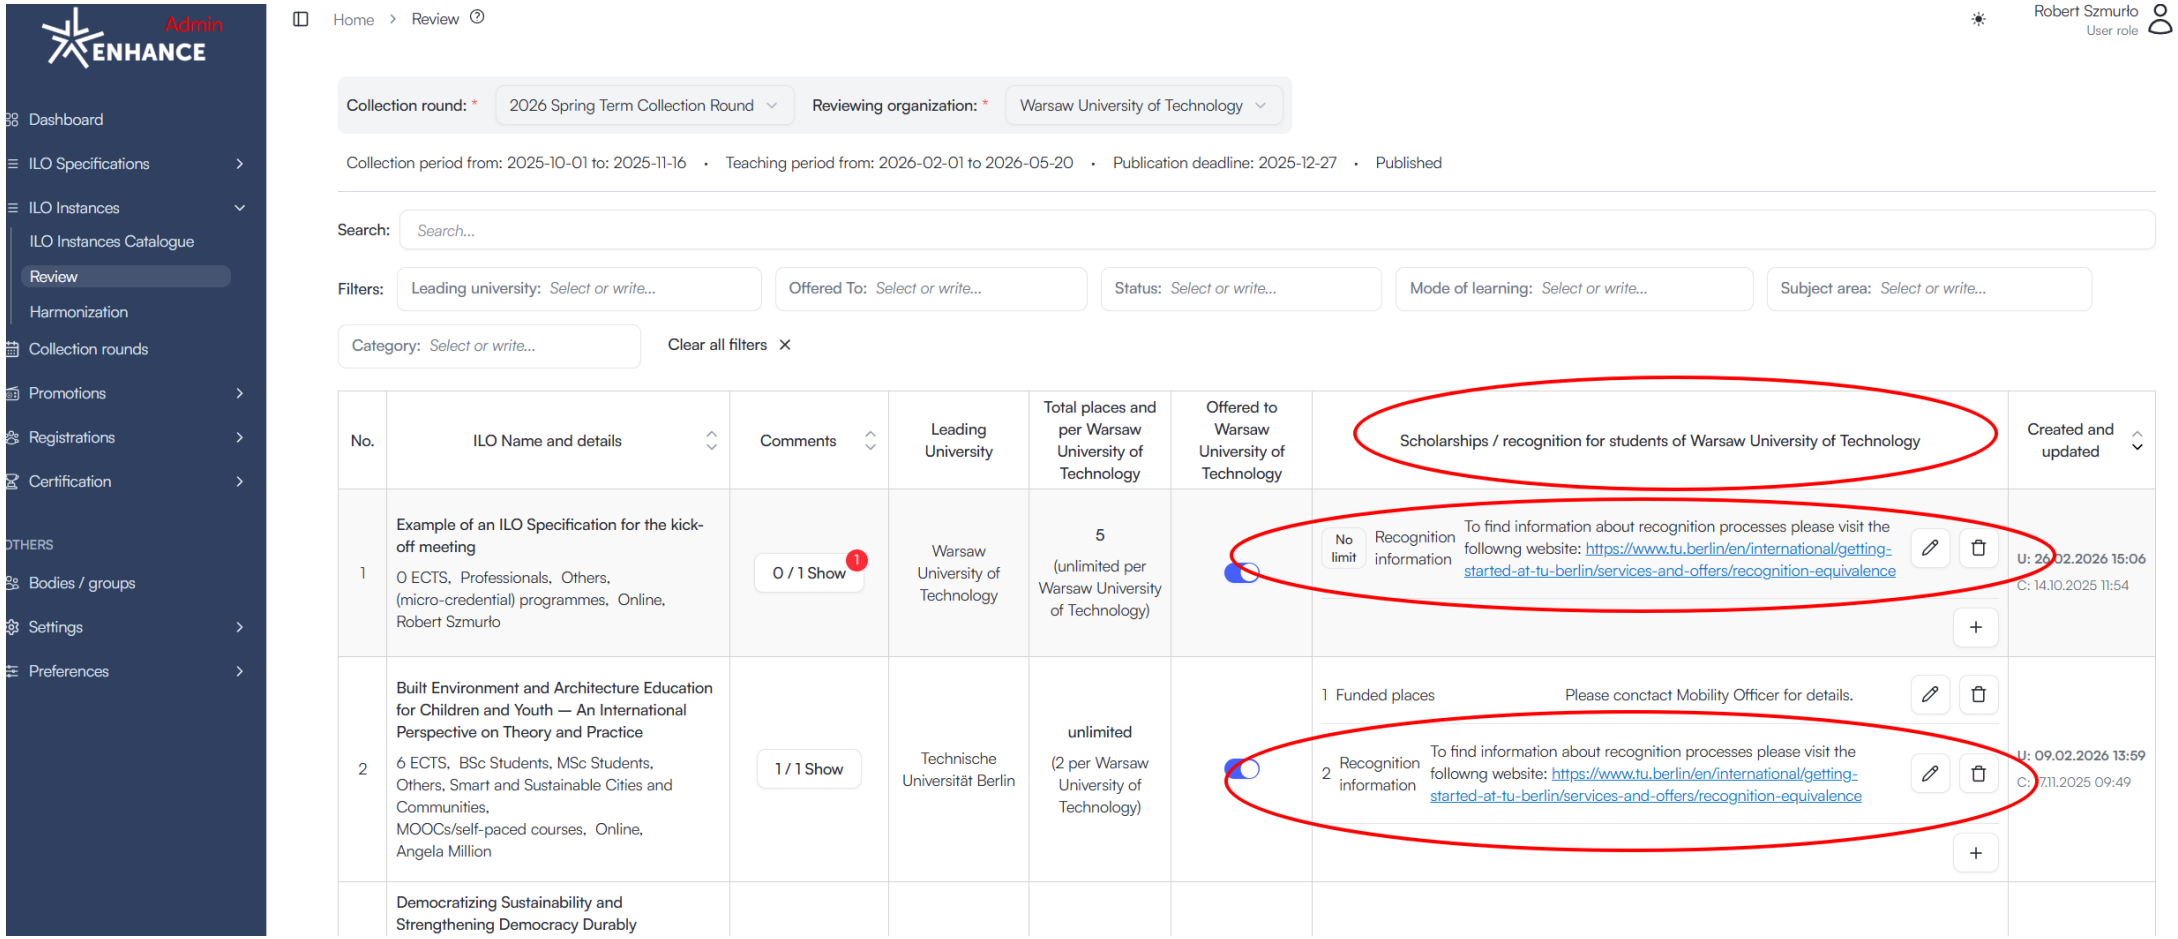

Feature: Selection of multiple Collection Rounds in the ILC Admin Portal

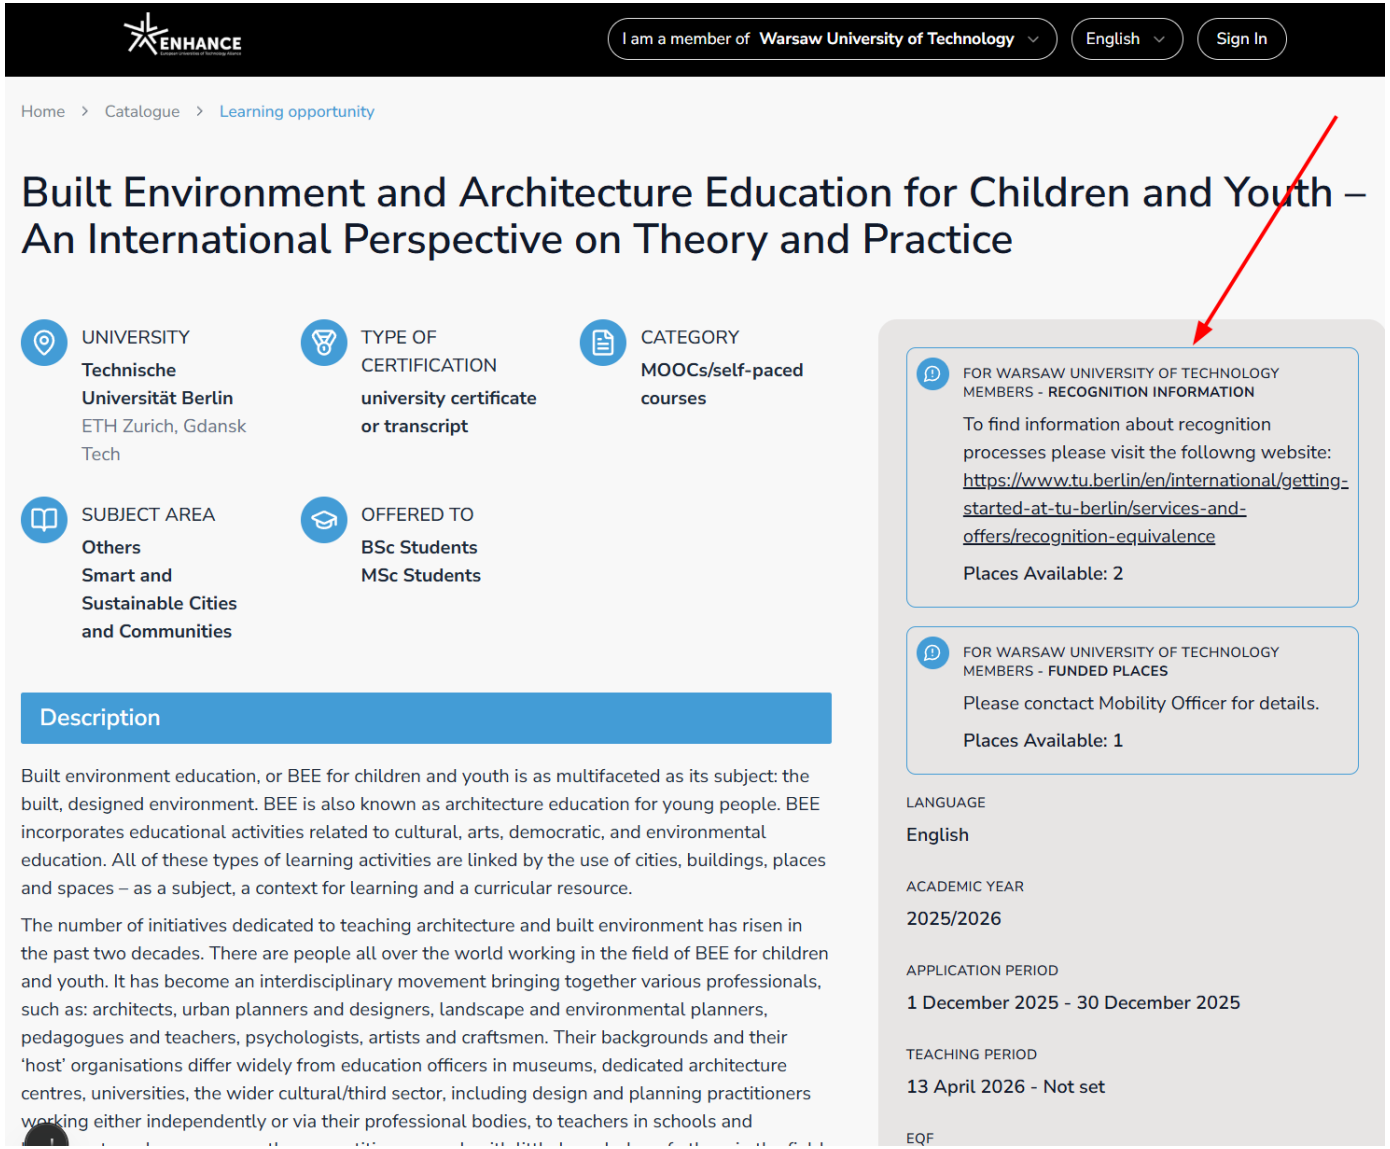

Enhancement: Update notifications control

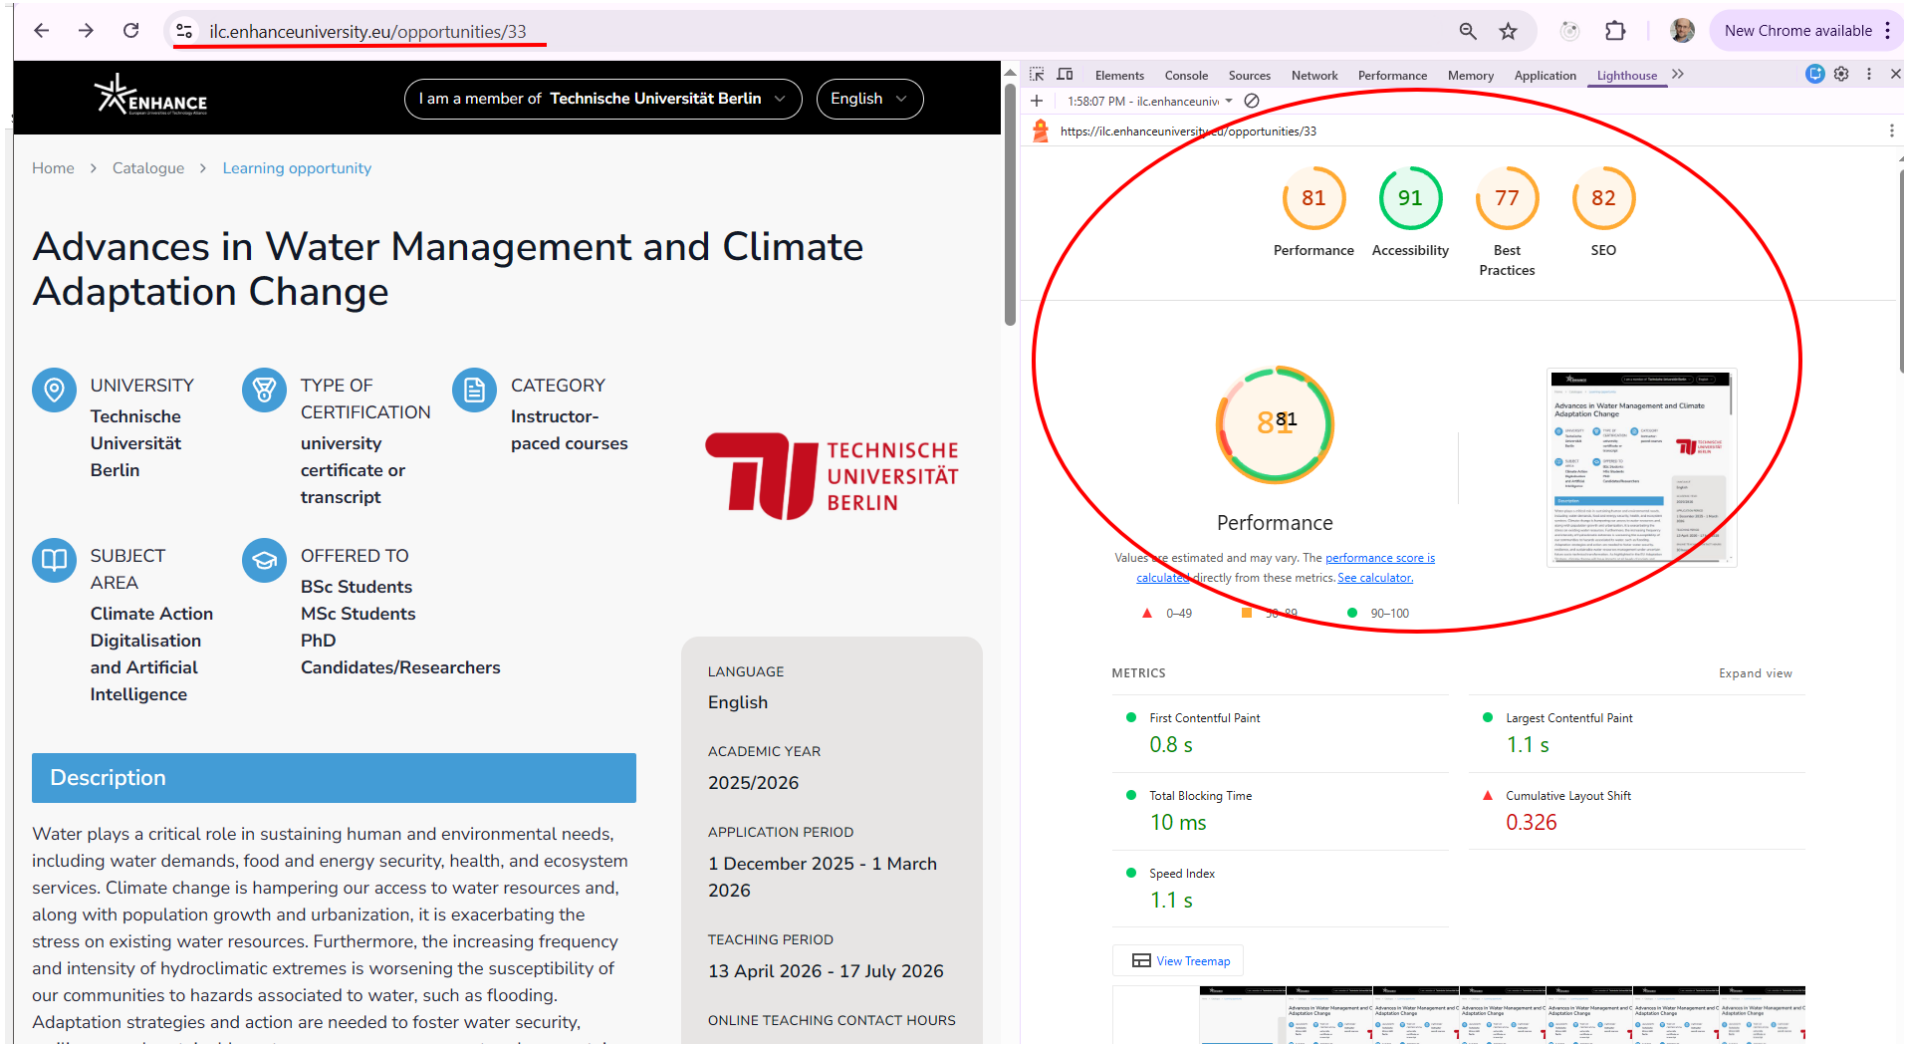

Allow EOs from partners to include **recognition information** during the review process (similar to the process of adding scholarships).

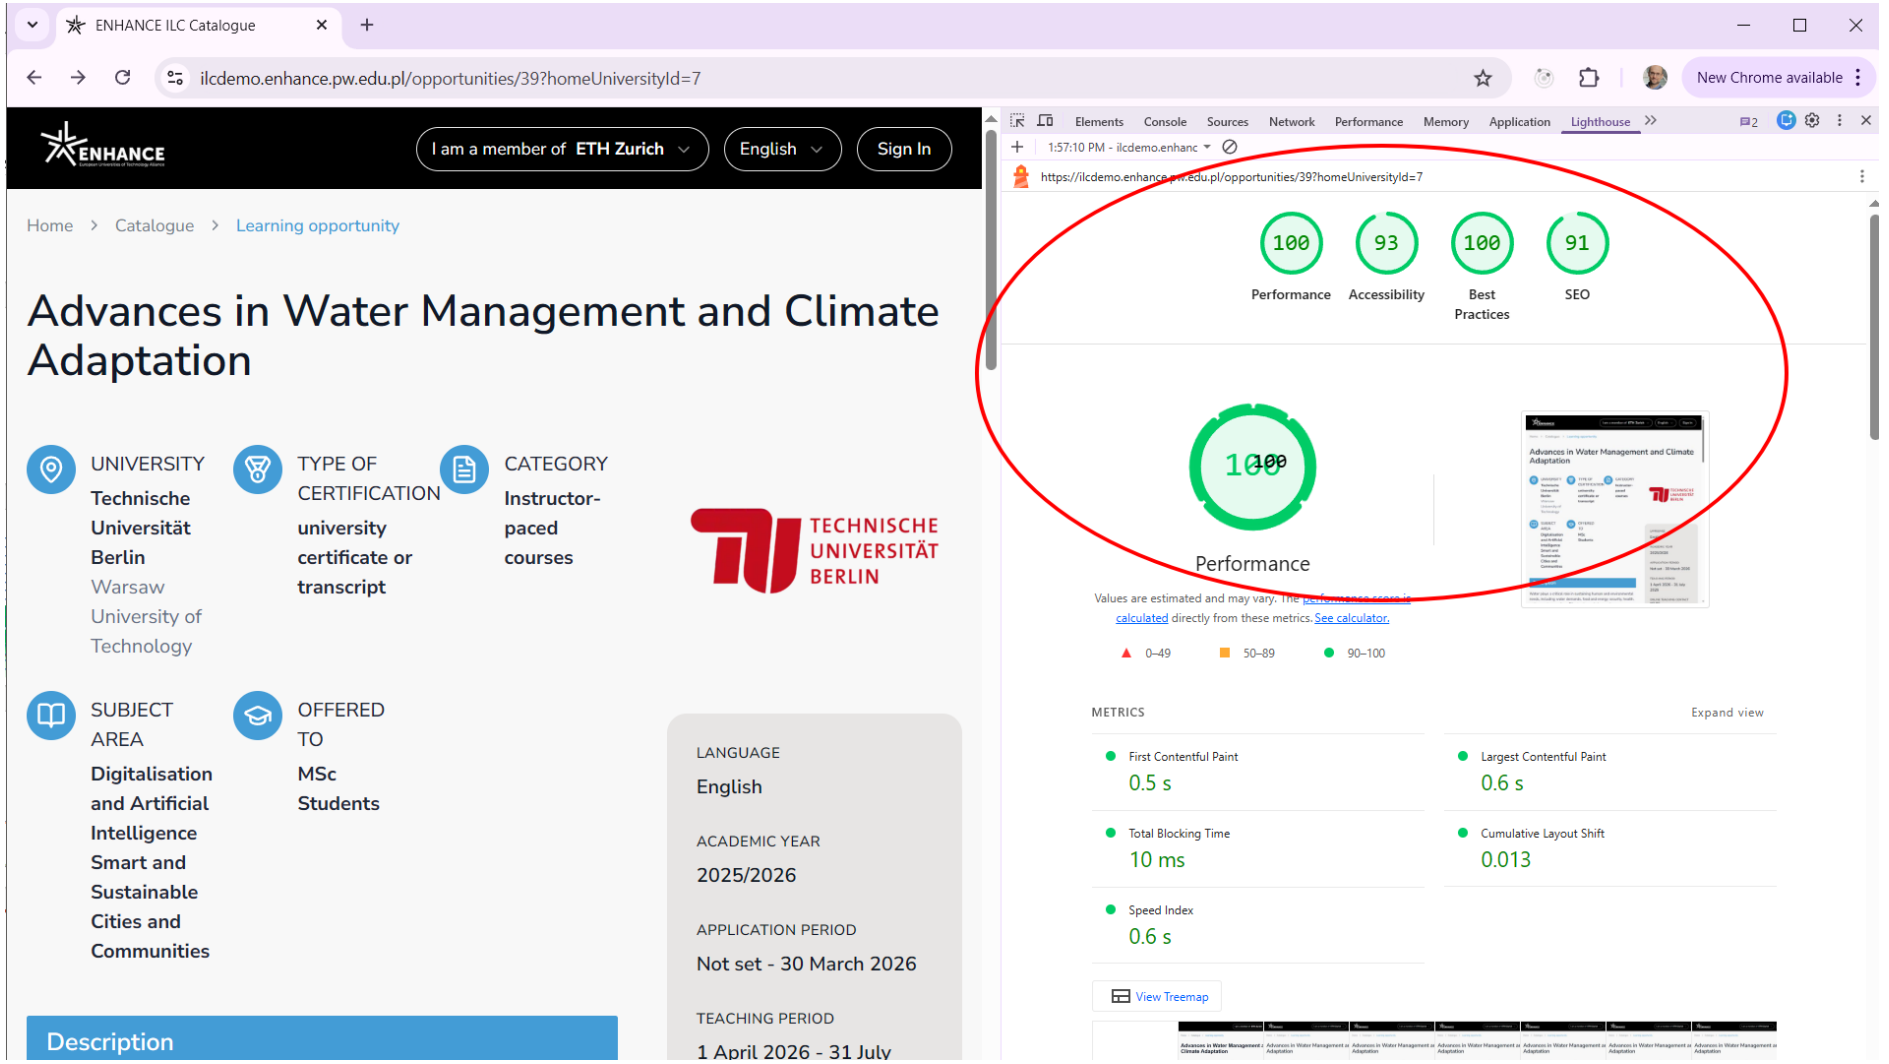

Allow EOs from partners to include **recognition information** during the review process (similar to the process of adding scholarships).

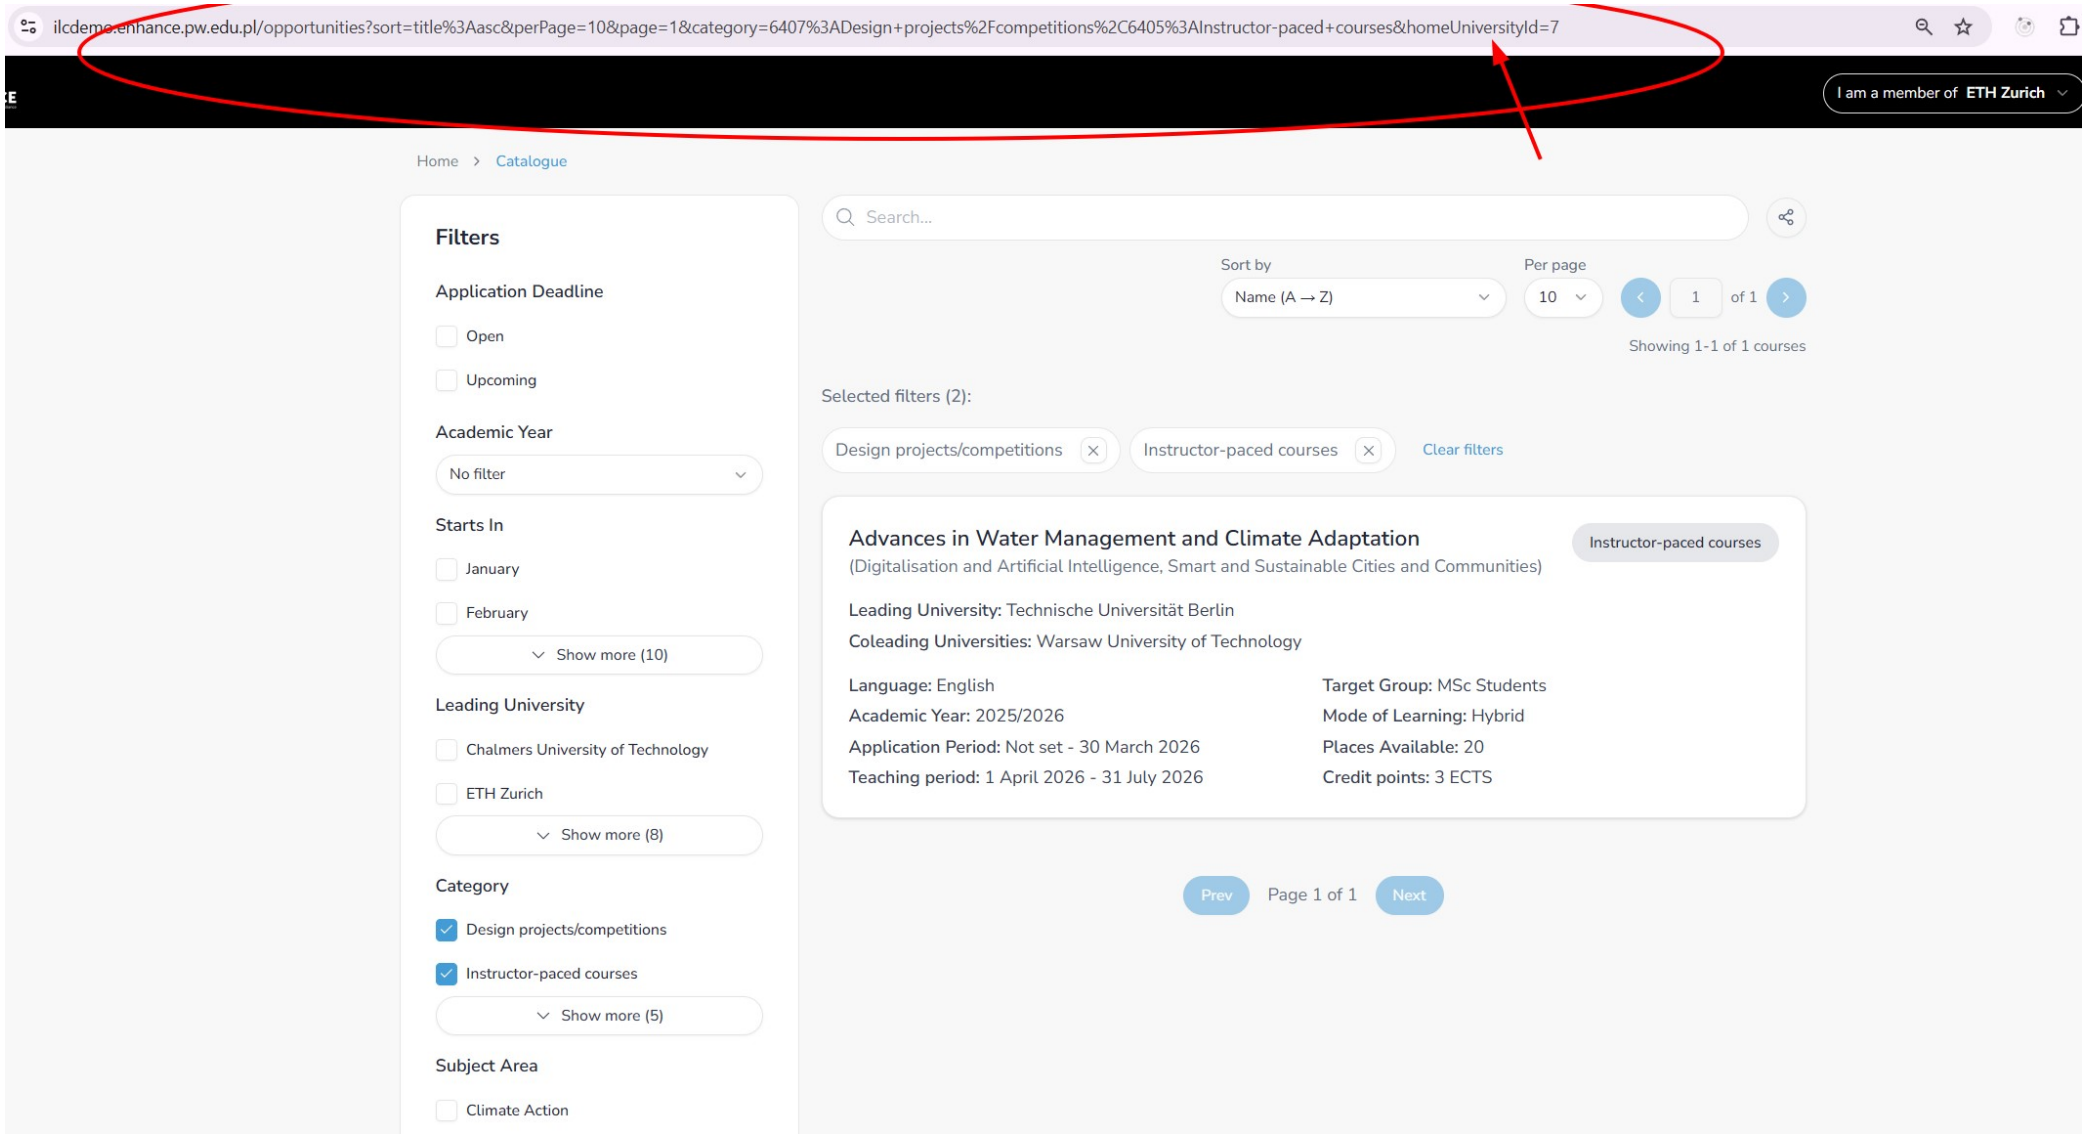

Performance optimization: before SSR introduction ILC Catalogue

Server Side Rendering of the Catalogue contents

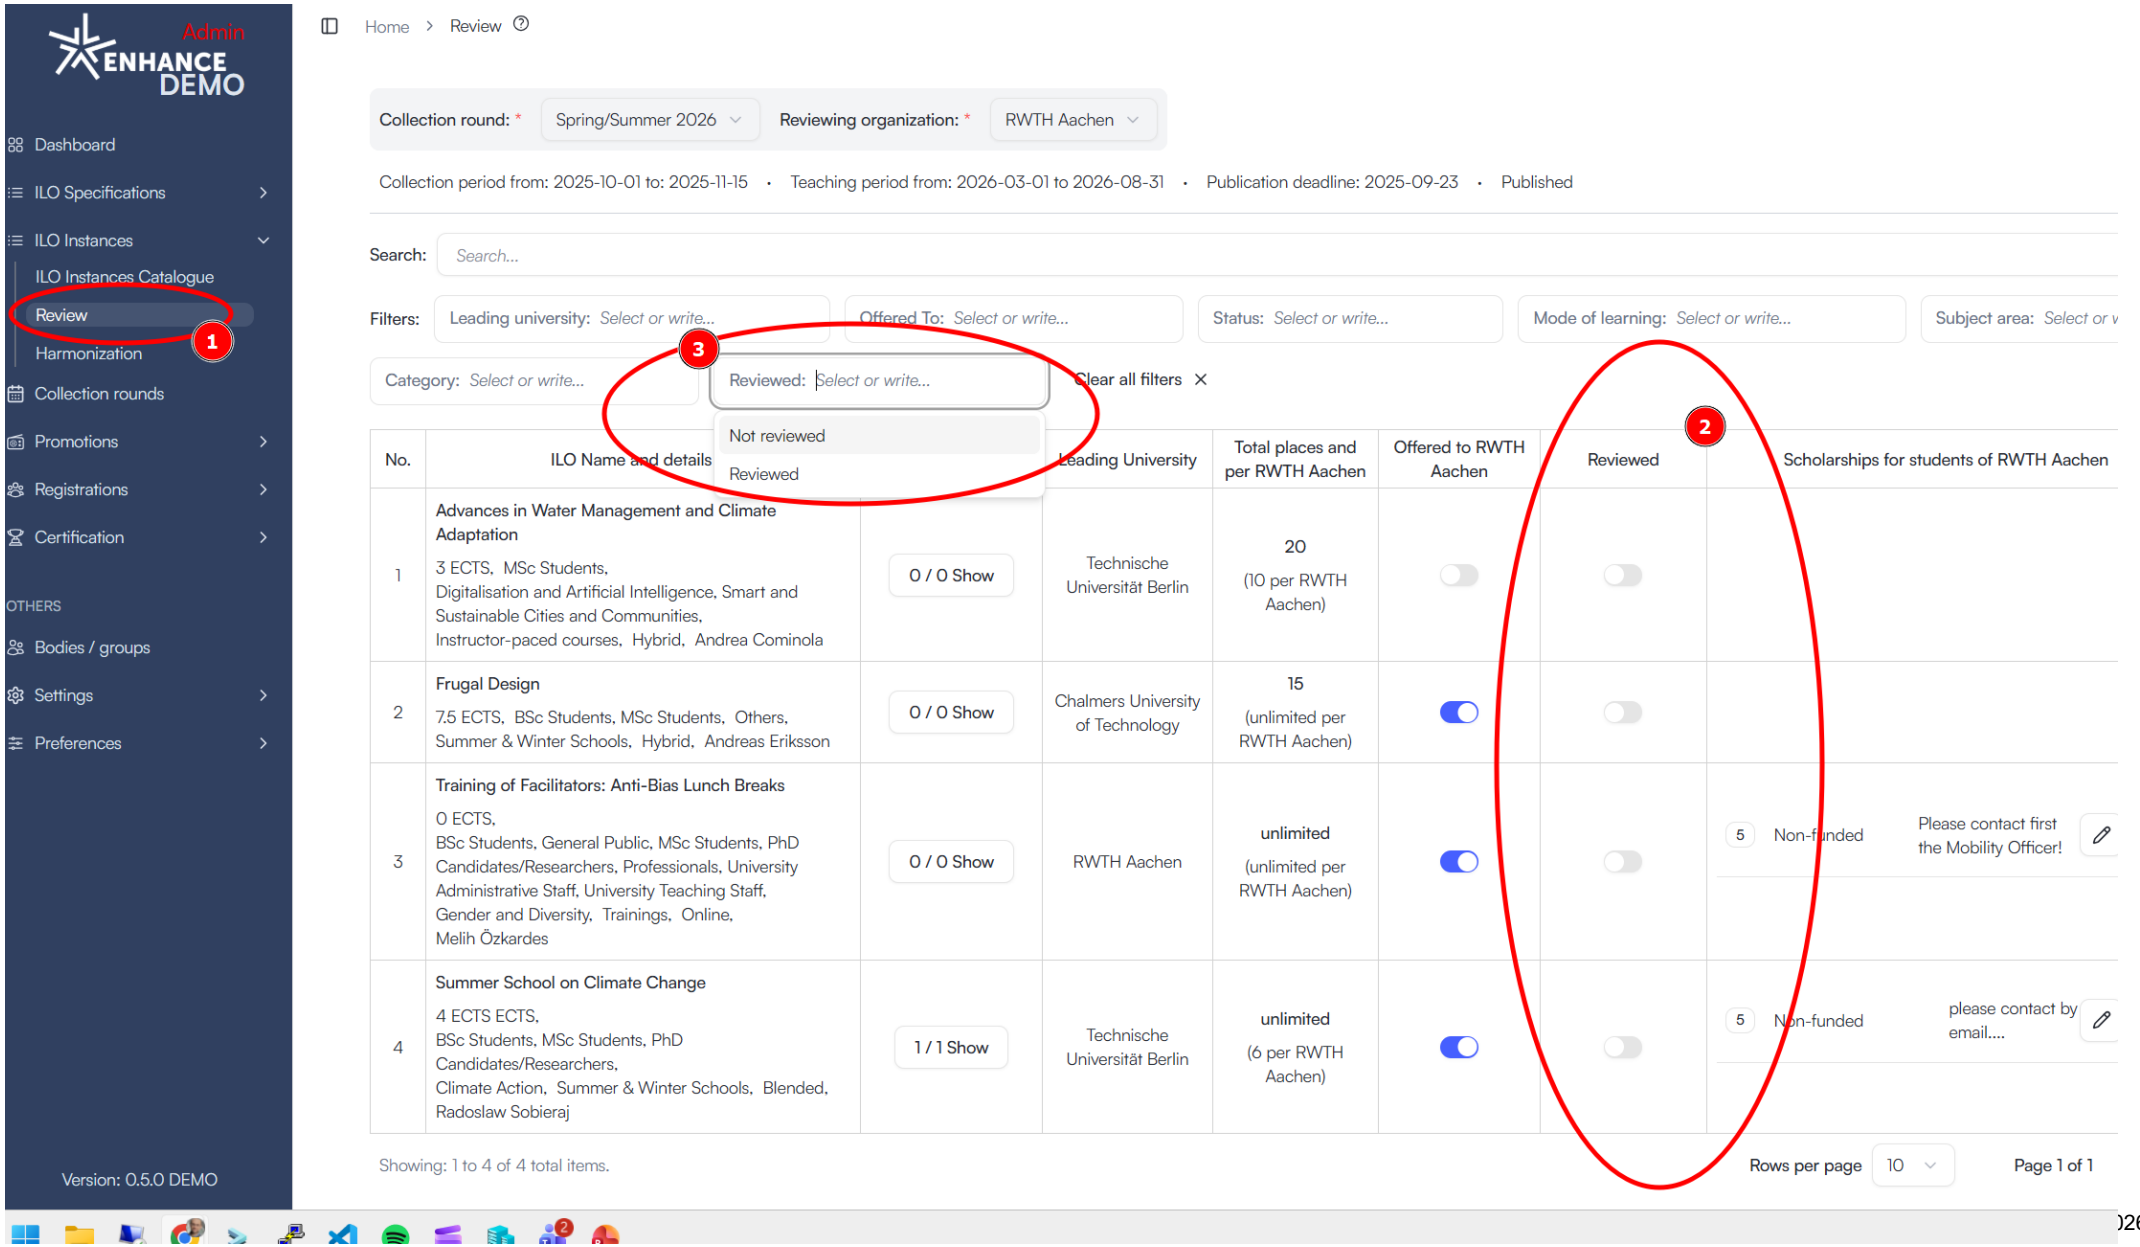

Enhancement: Reworked filters and search options persistence and shareing

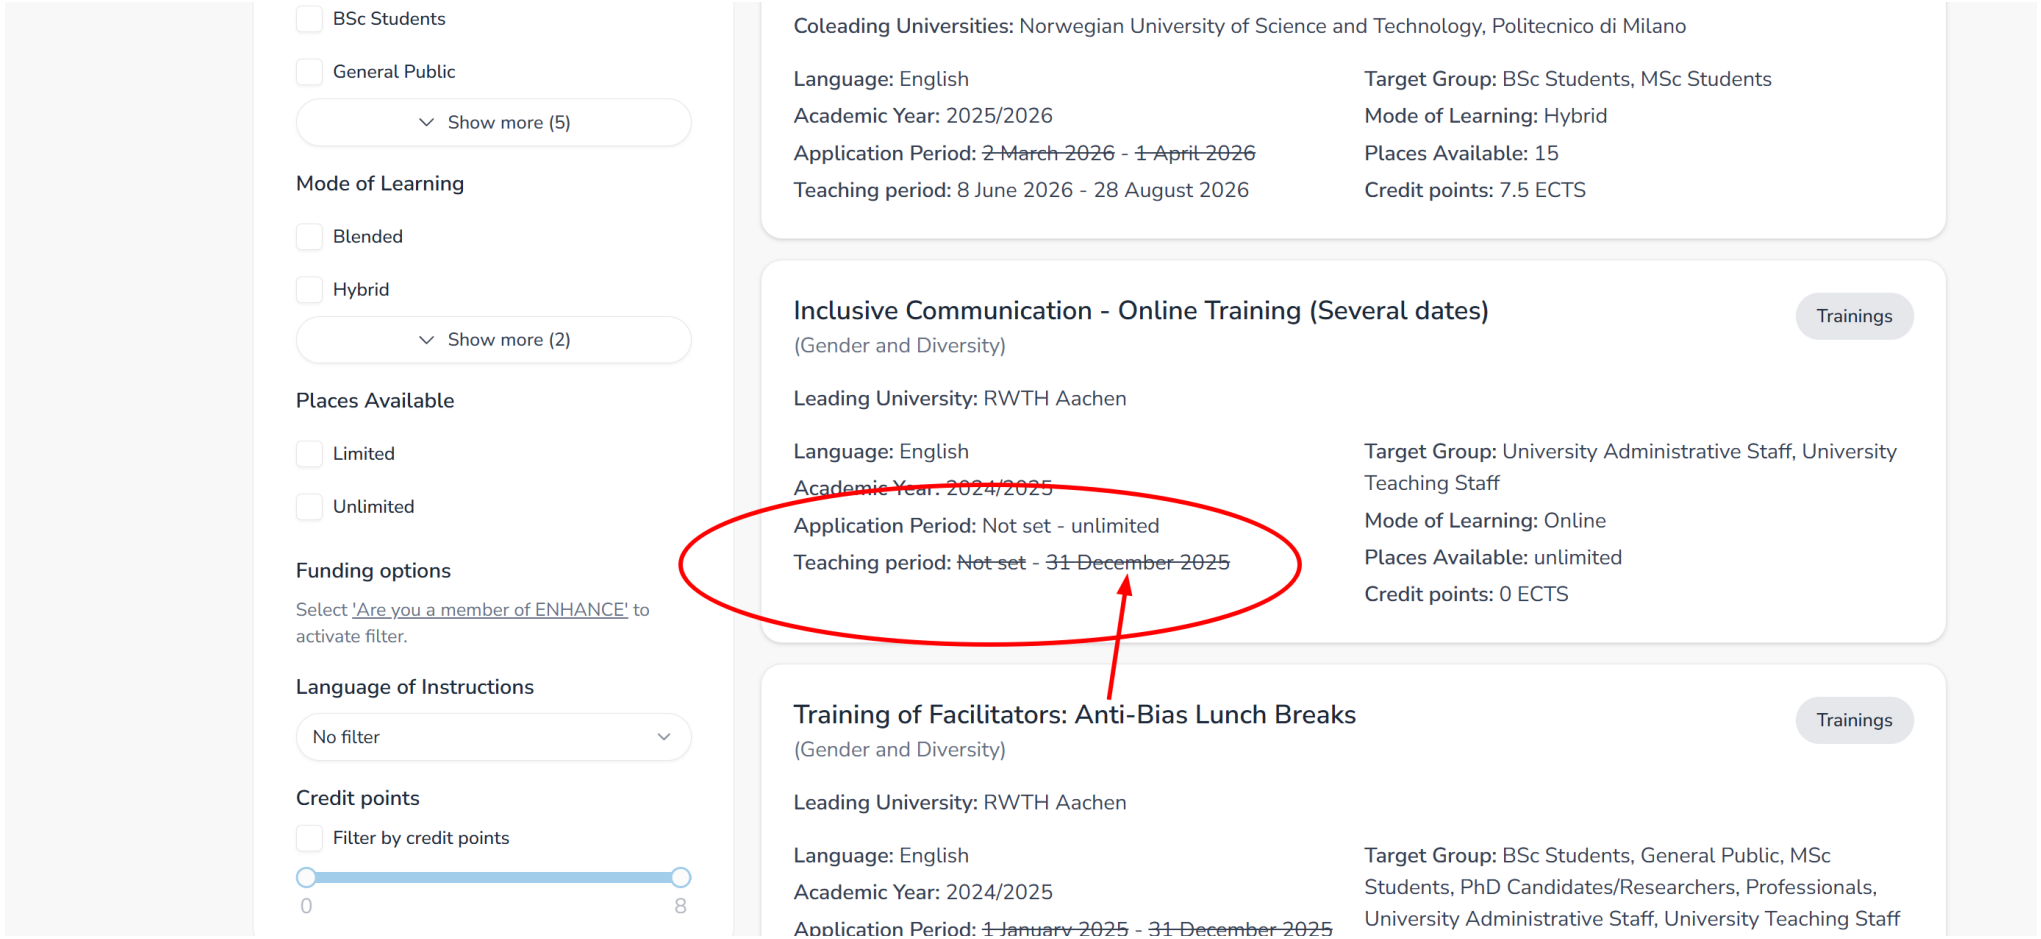

Co-funded by the Erasmus+ Programme of the European Union

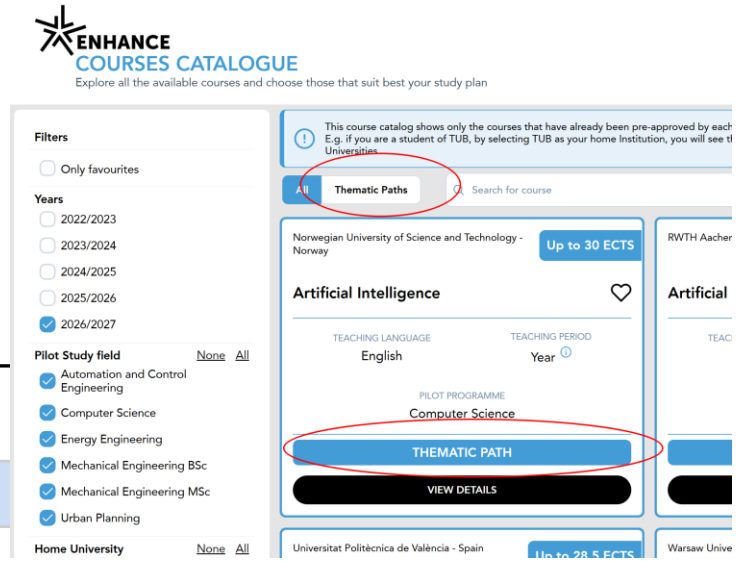

Feature: Increase visibility of unreviewed ILO Instances for EO

Feature: Showing archived (historical) opportunities

ENHANCE Thematic Paths | ONGOING PROJECT

Partners' participation on voluntary basis

Basket 1 (Mandatory)
Long-term mobility
Semester of courses

+

Basket 2 (Optional)
Short-term mobility
BIPs, MOOCs, etc

+

Basket 3 (Optional)
Thesis research period

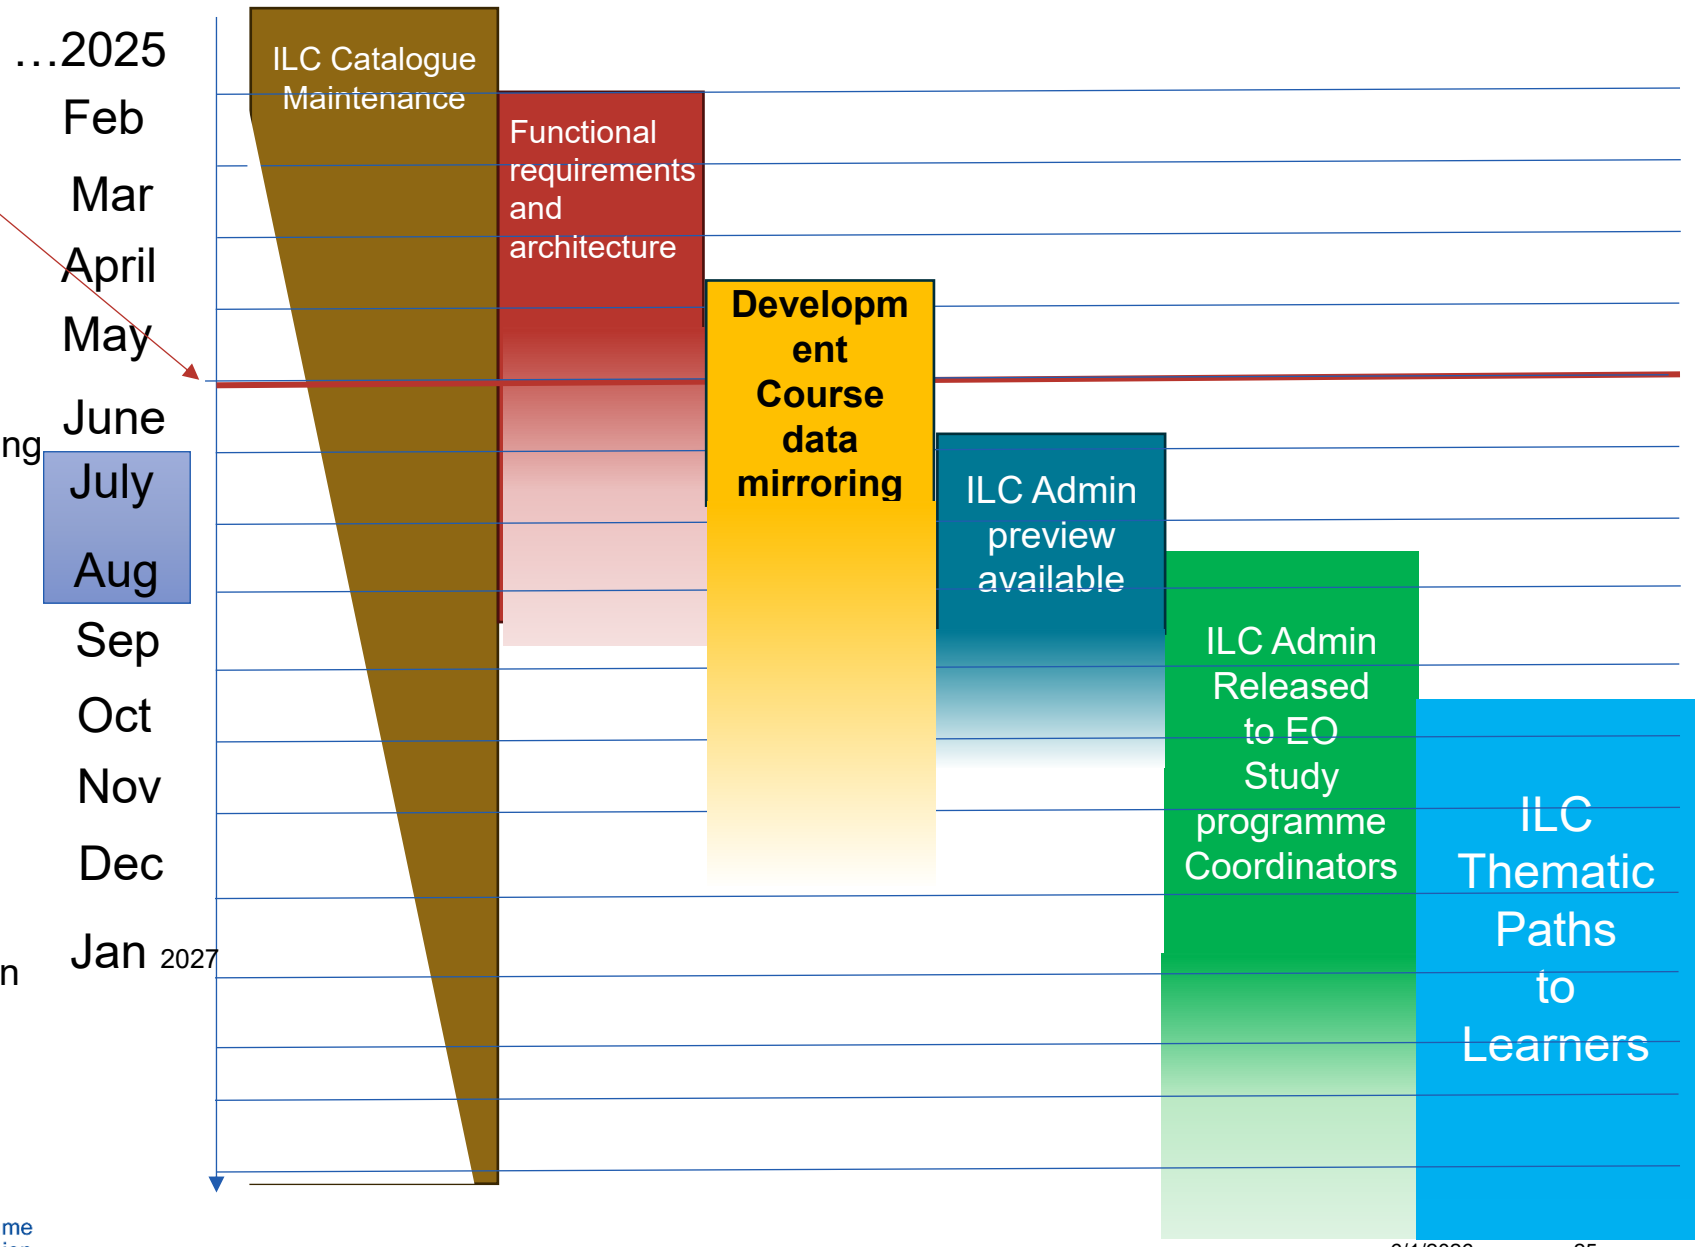

Please Note: the Erasmus+ rules apply (e.g. during the same degree, no more than 12 months financed)

ENHANCE DEGREE LABEL

Thematic Paths focus of development in 2026

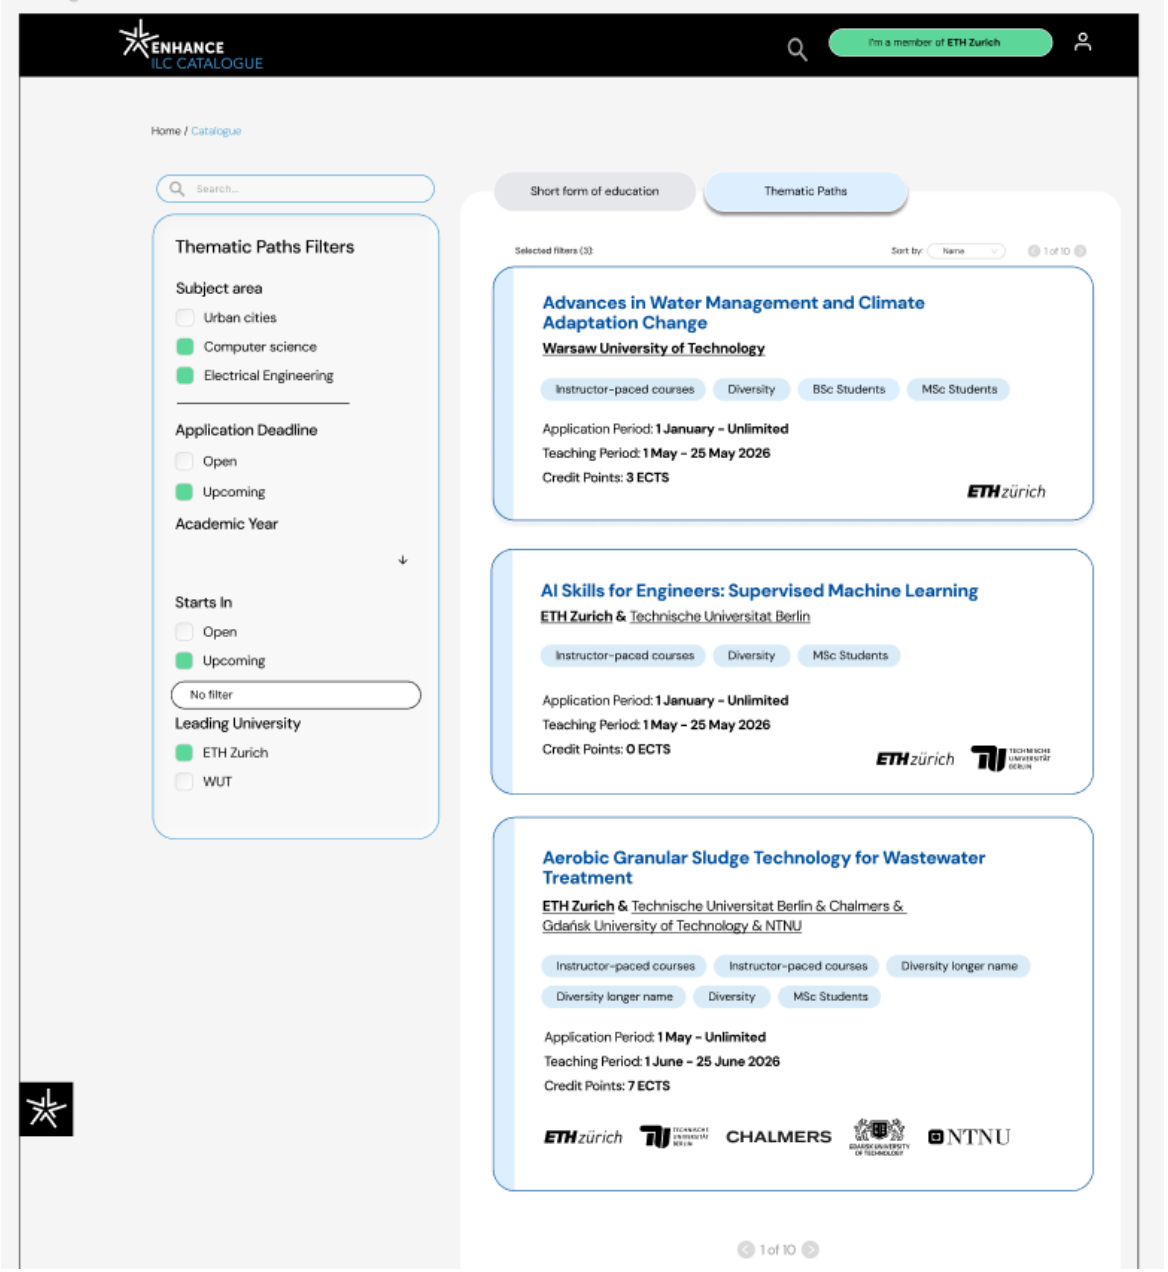

1. ILC Catalogue Maintenance
2. Functional requirements and architecture (60%)
3. Course data mirroring and importing (40%)

4. Modules:
   1. Thematic Path metadata editing (30%)
   2. Course data mirroring and editing (30%)
   3. Thematic Paths display in Catalogue (15%)
   4. Monitoring and coordination tools (10%)

ENHANC

Interoperability: potential API connections with institutional catalogues for automated data import.

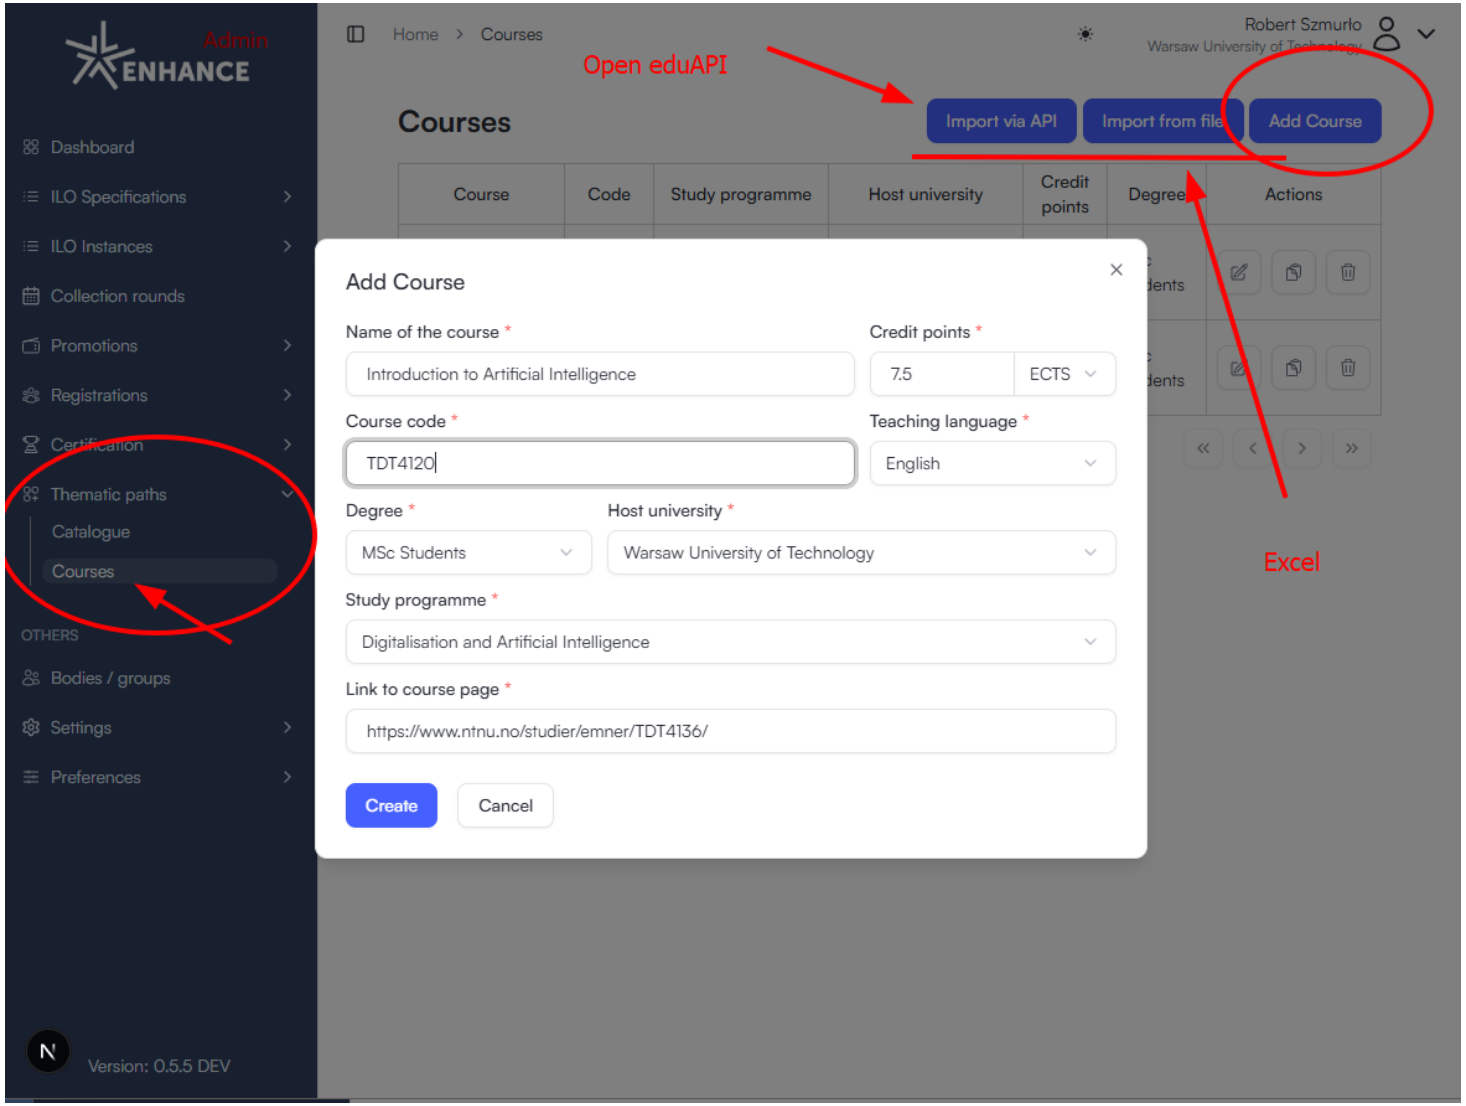

Initial Institutional Selection: Each Study Programme identifies the subset of courses from its institutional catalogue that can be shared within ENHANCE for mobility purposes. These courses are flagged as *ENHANCE-eligible*.

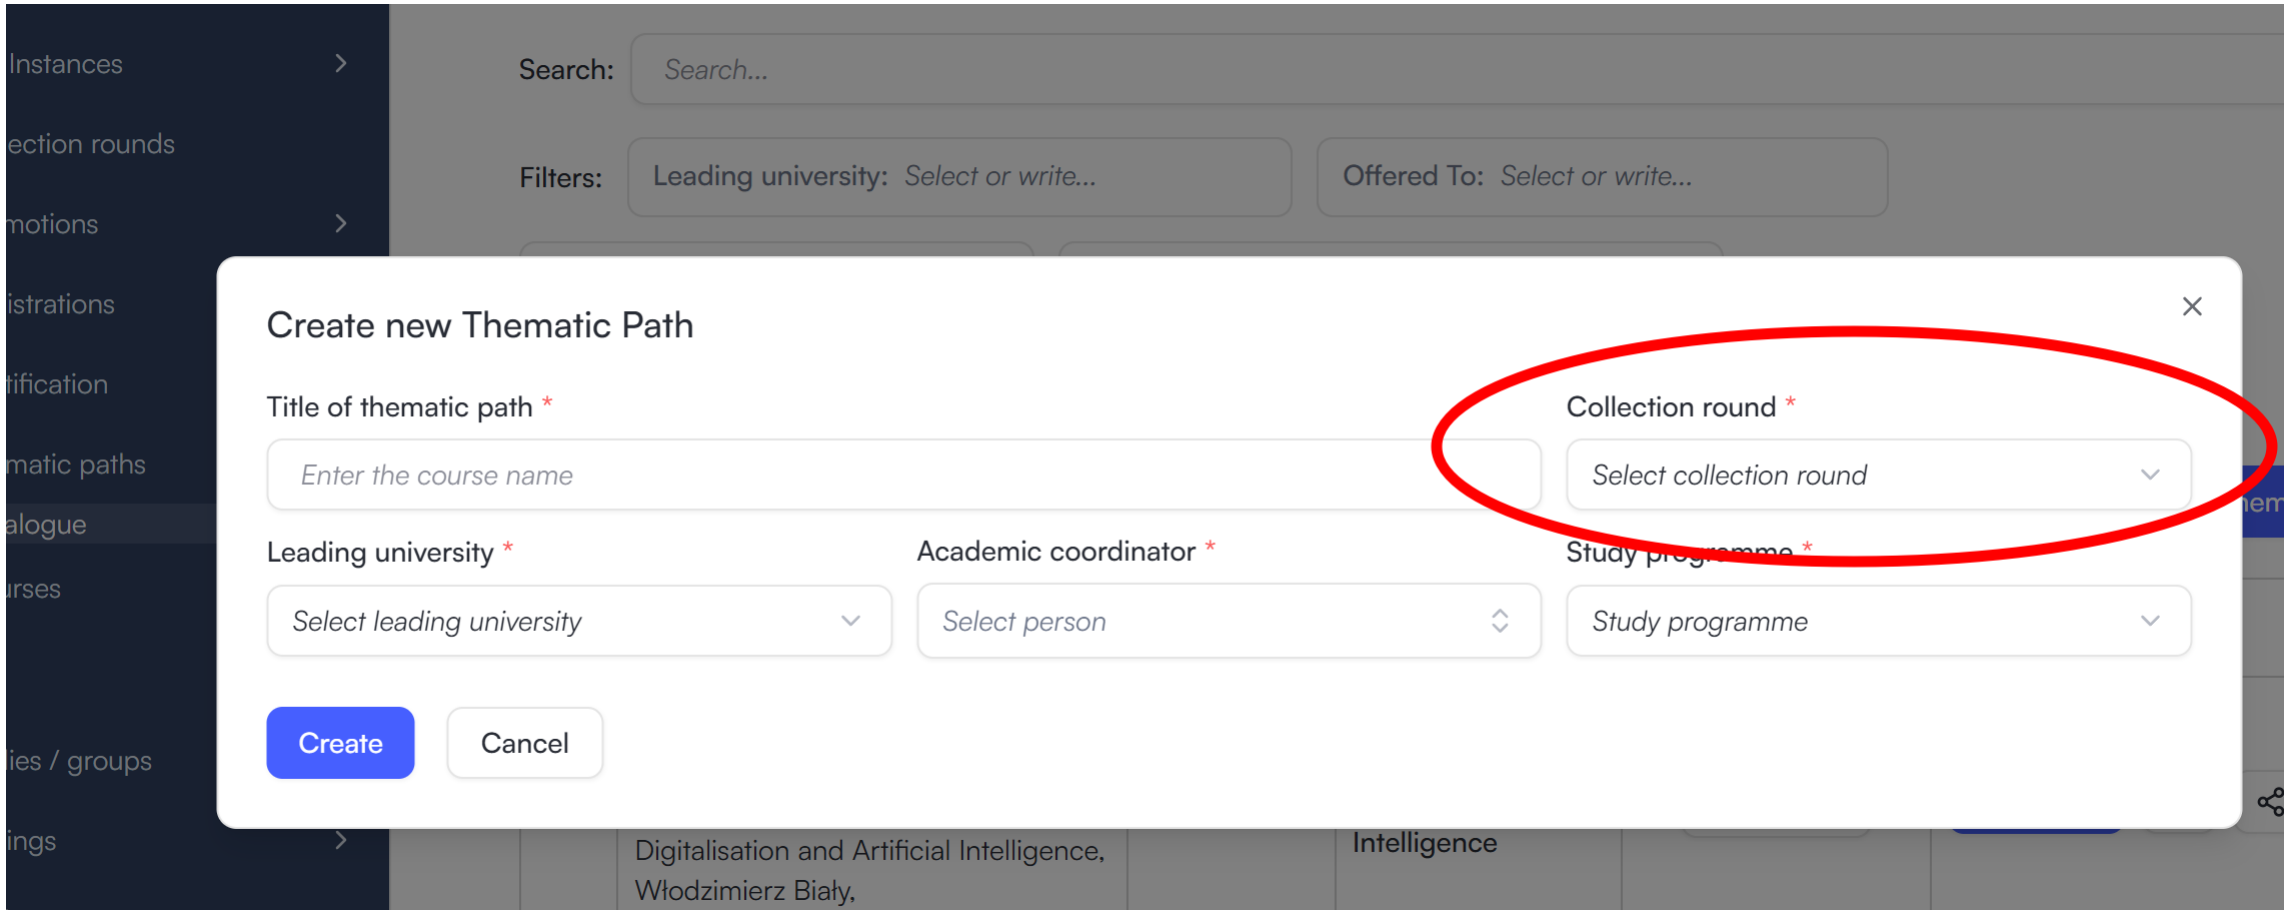

Co-funded by the Erasmus+ Programme of the European Union

Thematic path courses CRUD editor – ongoing work prototype

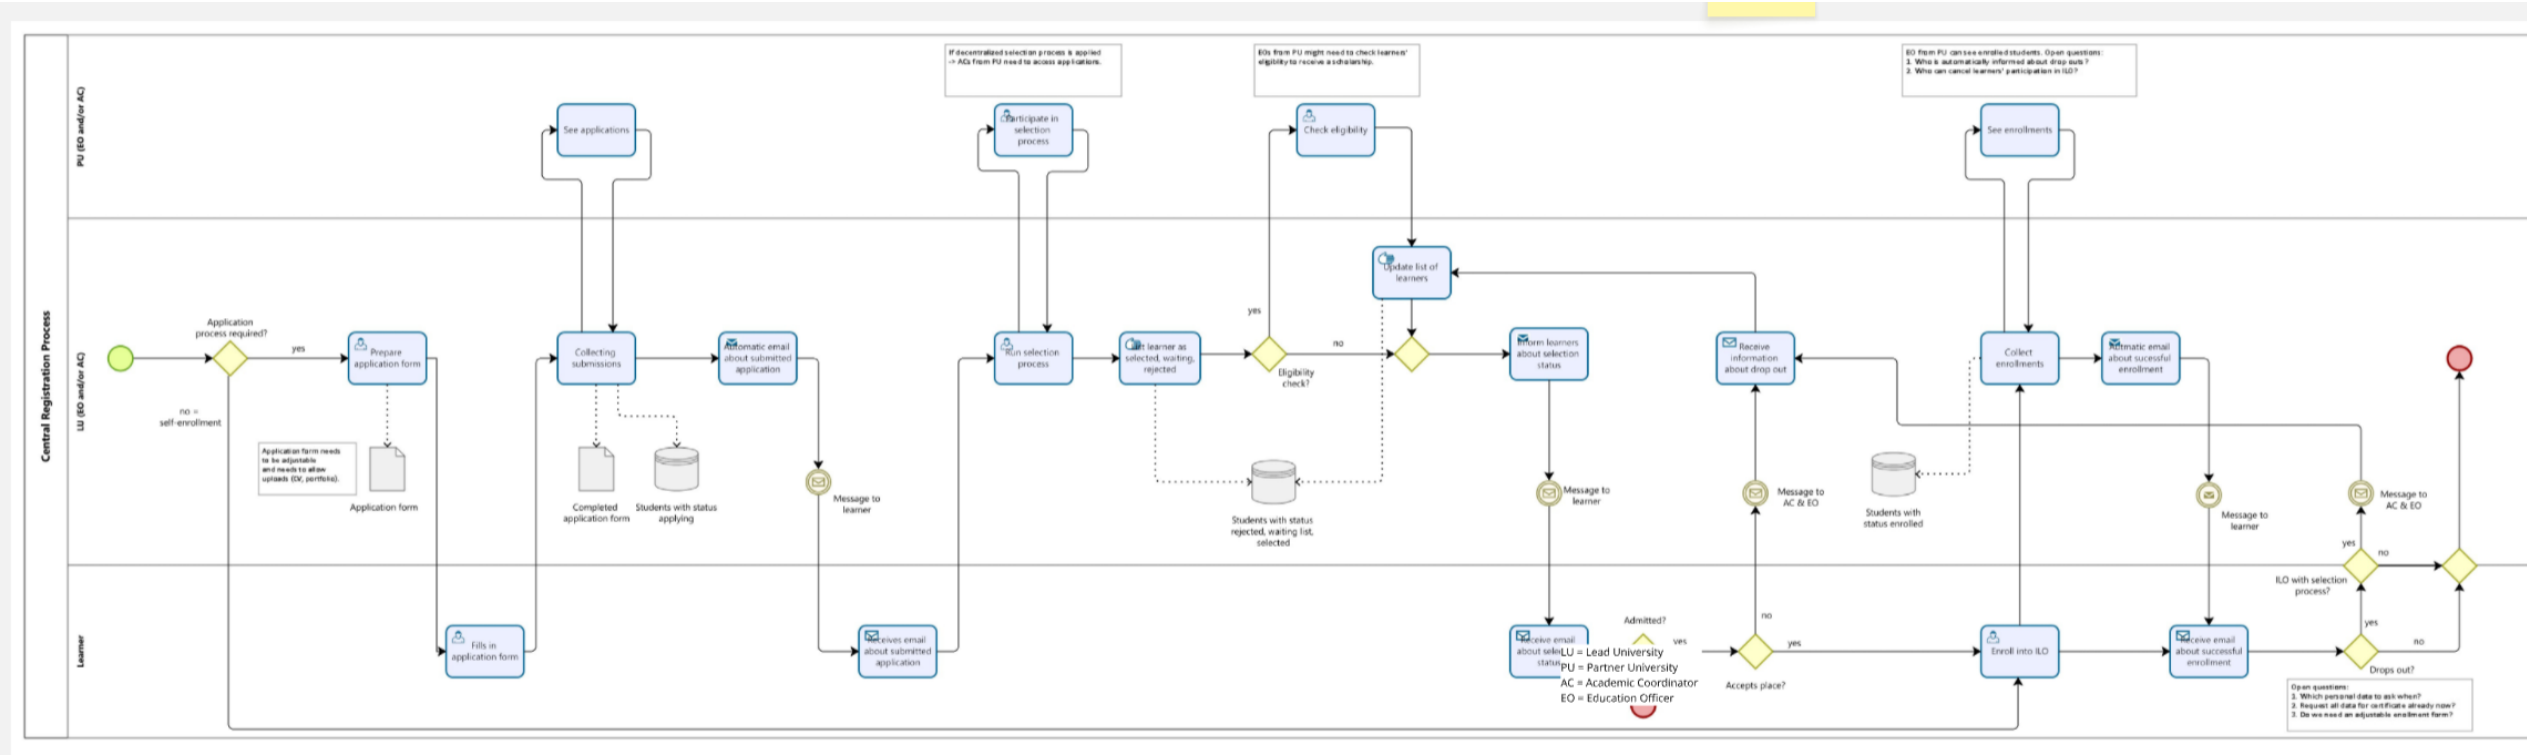

Version control is essential to ensure that changes in institutional course offerings are reflected without altering the integrity of historical Path definitions.

Central Registration Process
